The following is an index of the major topics addressed in the AANA Journal during 2014. The index is alphabetized according to headings, and entries appear in chronological order within the headings. Author and subject indexes are integrated.

A

AANA Journal Course 33 Update for Nurse Anesthetists: Part 6–transversus abdominis plane (TAP) blocks, 73; Examination information update for nurse anesthetists, 153
AANA Journal Course 34 Update for Nurse Anesthetists: Part 1–Anesthesia case management for endovascular aortic aneurysm repair, 145; Part 2–Reexamining traditional intraoperative fluid administration: evolving views in the age of goal-directed therapy, 235; Part 3–Alveolar recruitment maneuvers: are your patients missing out?, 307; Part 4–Anesthesia and critical care ventilator modes: past, present, and future, 387; Part 5–Medication administration in the operating room: new standards and recommendations, 465
Accidental death, reentry in the addicted anesthesia provider and, 95
Accuracy of blood loss estimations among anesthesia providers, 300
Acetaminophen, intravenous, for management of pediatric surgical pain, 53
Acute chlorine gas exposure, sevoflurane as therapy for, in healthcare environment, 223
Addiction, reentry in the anesthesia provider, 95
Adkins AR; Lee D; Woody DJ; White WA Jr: Accuracy of blood loss estimations among anesthesia providers, 300
Adults: Use of laryngeal airway devices in patients in the prone position, 101; Preventing postoperative sore throat due to tracheal intubation, 188; Considerations for a heart transplant recipient undergoing noncardiac surgery: a case report, 293; AANA Journal Course 34, Part 3 on alveolar recruitment maneuvers: are your patients missing out?, 307; Pharmacologic, physiologic, and psychological characteristics associated with emergence delirium in combat veterans, 355; Securing endotracheal tube with adhesive tape, 457; Management and implications of in pediatrics for anti-NMDA receptor encephalitis, 431. See also CRNAs; Multimodal anesthesia; Non-physician anesthesia providers
Anesthesia equipment, securing endotracheal tube with adhesive tape, 457
Anesthesia gloves, compliance of use among providers, 363
Anesthesia information management systems, nurse anesthetists and, 346
Anesthesia providers: Reentry in the addicted, 95; Use of laryngeal airway devices in patients in the prone position, 101; Accuracy of blood loss estimations among, 300; Compliance of glove use among, 363
Anesthesia ventilators, AANA Journal Course 34, Part 4 on, 387
Anesthesiologist assistant, cost of education and earning potential for, 25
Anesthetic complications, in cytoreductive surgery with hyperthermic intraperitoneal chemotherapy, 140
Anesthetic practice, implications of patient satisfaction (letter), 239
Anesthesiologists: False Claims Act liability for CRNAs related to medical direction and (Legal Brief), 10; A Call for Change: Clinical Evaluation of Student Registered Nurse, 65. See also Nurse anesthetists
Anticoagulants, early percutaneous pinning of hip fracture using propofol-ketamine-lidocaine admixture in a geriatric patient receiving dabigatran, 46
Anti-NMDA receptor encephalitis, anesthetic management and implications for pediatric patients with diagnosis of, 431
Apparatus dead space, ventilation with increased, 114
Aspirin gargle, in preventing postoperative sore throat due to tracheal intubation, 188
Assessment, objective structured clinical examination as educational initiative for first-year student anesthetists (Education News), 419
Association of Colleges of Nursing (AACN), strategic planning for curricular excellence, 13
Atelectasis formation, positive end-expiratory pressure in reducing, 114
AANA Journal • December 2014 • Vol. 82, No. 6

Babins N. See Huang J; Mckenna N; Babins N: Utility of thromboelastography during neuraxial blockade in the parturient with thrombocytopenia, 127
Bailard, N. See Flores RA; Bailard N; Palvadi R: Methodological weaknesses of block study make analyzing results very difficult (letter), 336
Baley K; Michalov K; Kosick MA; McDowell M: Intravenous acetaminophen and intravenous ketorolac for management of pediatric surgical pain: a literature review, 53
Barcode medication administration, AANA Journal course 34, Part 5 on medication administration in the operating room, 465
Behavioral learning theory, flipped classroom in, 264
Bellenger SR; Frizzi JD: Sevoflurane as a therapy for acute chlorine gas exposure in an austere healthcare environment: a case report, 223
Bendickson L. See Hawkins R; Bendickson L; Benson P; Osborne; McPherson J; Todd L; Snelson J; Bruner S; Bohan K: a pilot study evaluating the perceptions of Certified Registered Nurse Anesthetists toward human patientimulation, 375
Benson P. See Hawkins R; Bendickson L; Benson P; Osborne; McPherson J; Todd L; Snelson J; Bruner S; Bohan K: A pilot study evaluating the perceptions of Certified Registered Nurse Anesthetists toward human patient simulation, 375
Bentley, M. See Burgert JM; Mozer J; Williams T; Gostnell J; Gegg BT; Johnson S; Bentley M; Johnson D: Effects of intraosseous transfusion of whole blood on hemolysis and transfusion time in a swine model of hemorrhagic shock: a pilot study, 198
Berger, AM. See Pecka, SL; Kotcherlakota, S; Berger, AM
Berlin Questionnaire, Utility of, to screen for obstructive sleep apnea among patients receiving intravenous sedation for colonoscopy, 38
Berry, BD: Patient satisfaction: implications of anesthetic practice (letter), 259
Bilateral tension pneumothorax following equipment improvisation, 20
Blinded observational study, compliances of glove use among anesthesia providers, 363
Blood loss, accuracy of estimations among anesthesia providers, 300
Blood transfusion: Effects on hemolysis and transfusion time in hemorrhagic shock, 198; Anesthetic management of complex pediatric trauma patient, 270
Bloom’s revised taxonomy, integration of, in distance learning in nurse anesthesia education, 212
Bodelsson, M. See Enekvist B; Chew M; Johansson A: Ventilation with increased apparatus dead space vs positive end-expiratory pressure: effects on gas exchange and circulation during anesthesia in a randomized clinical study, 114
Boese ML; Ransom RK; Roadfuss RJ; Todd LA; McGuire JM, Utility of the Berlin Questionnaire to screen for obstructive sleep apnea among patients receiving intravenous sedation for colonoscopy, 38
Bohan K. See Hawkins R; Bendickson L; Benson P; Osborne; McPherson J; Todd L; Snelson J; Bruner S; Bohan K: A pilot study evaluating the perceptions of Certified Registered Nurse Anesthetists toward human patient simulation, 375
Bonds RL. See Watkins TJ; Bonds RL; Hodges K; Gottle BB: Dobson, D A M; Maye JP: Evaluation of postprocedure cognitive function using 3 distinct standard sedation regimens for endoscopic procedures, 133
Books, Etc.: Re-entry: A Guide for Nurses Dealing with Substance Use Disorder, 93
Borle, A
See Singh, PM; Trikha, A; Sinha, R; Ramachandran, R; Borle, A: Sevoflurane induction procedure: cost comparison between fixed 8% versus incremental techniques in pediatric patients, 32
See Singh PM, Borle A, Trikha A: Sevoflurane cost comparisons questioned (response to letter on), 415
Bostic A; Kral M: Re-Entry: A Guide for Nurses Dealing with Substance Abuse Disorder (Book Review), 93
Bozimowski G; Groh C; Rouen P; Dosch M: The prevalence and patterns of substance abuse among nurse anesthesia students, 277
Brachial plexus block approaches for cubital tunnel release surgery in ambulatory approaches, 121; (letter) 336; (response to letter) 336, (letter) 336
Brown LB: AANA Journal course: Medication administration in the operating room: new standards and recommendations, 465
Bruner S. See Hawkins R; Bendickson L; Benson P; Osborne; McPherson J; Todd L; Snelson J; Bruner S; Bohan K: A pilot study evaluating the perceptions of Certified Registered Nurse Anesthetists toward human patient simulation, 375
Burgert, JM; Mozer J; Williams T; Gostnell J; Gegg BT; Johnson S; Bentley M; Johnson D: Effects of intraosseous transfusion of whole blood on hemolysis and transfusion time in a swine model of hemorrhagic shock: a pilot study, 198
Burnout, workplace incivility affecting CRNAs and, 437

C
Calendar of Events, 81, 162, 243, 321, 401, 470
Callahan, MF. See Collins S; Callahan MF, A call for change: clinical evaluation of student registered nurse anesthetists, 65
Cardiac arrest, anesthetic management of complex pediatric trauma patient, 270
Cardiac output, ventilation with increased apparatus dead space vs positive end-expiratory pressure, 114
Cardiopulmonary arrest in robotic surgery, 231
Case reports: Bilateral tension pneumothorax following equipment improvisation, 20; Early percutaneous pinning of hip fracture using propofol-ketamine-lidocaine admixture in a geriatric patient receiving dabigatran, 46; Anesthetic management of Costello syndrome, 108; Cytoreductive surgery with hyperthermic intraperitoneal chemotherapy, 140; Sevoflurane as therapy for acute chlorine gas exposure in healthcare environment, 223; Anesthetic considerations for an adult heart transplant recipient undergoing noncardiac surgery, 293; Anaphylactic reaction with Avitene, 368; Anesthetic management and implications of pediatric patients with diagnosis of anti-NMDA receptor encephalitis, 431
Certification, perceptions of Certified Registered Nurse Anesthetists toward human patient simulation, 375
Certified Registered Nurse Anesthetists (CRNAs): False Claims Act liability for, related to medical direction (Legal Brief), 10; Bilateral tension pneumothorax following equipment improvisation, 20; Cost of education and earn-
Education News
Strategic planning for curricular excellence. Anesthesia and comprehensive care, 13; Council on Accreditation of Nurse Anesthesia Educational Programs adopts standards for the practice doctorate and post-graduate CRNA fellowships, 177; Flipped classroom, 264; Objective structured clinical examination as an educational initiative for summative simulation competency evaluation of first-year student registered nurse anesthetists’ clinical skills, 419; Psychometric testing of the Pecka Grading Rubric for evaluating higher-order thinking in distance learning. 449

Fatigue, high scores among older Dutch nurse anesthetists, 227
Fatigue, high scores among older Dutch nurse anesthetists, 227

Fancy, fatigued patient, early percutaneous pinning of hip fracture using propofol-ketamine-lidocaine admixture in, receiving dabigatran, 46

Elective surgery, effect of, on subjective health in veterans with chronic posttraumatic stress disorder, 285
Elmblad R; Kodjebacheva G; Lebeck L: Workplace incivility affecting CRNAs: A study of prevalence, severity, and sequences with proposed interventions, 437

Emergence delirium in combat veterans, 335
Encephalitis. See Anti-NMDA receptor encephalitis
Endoleak, AANA Journal Course 34, Part 1 on, 145
Endoscopic procedures, evaluation of postprocedural cognitive function using standard sedation regiments for, 133

Endotracheal intubation in preventing postoperative sore throat, 188

Endovascular aortic aneurysm repair (EVAR), AANA Journal Course 34, Part 1 on, 145

Endovascular stent graft, AANA Journal Course 34, Part 1 on, 145

Enekvist, B; Bodelsson, M; Chew, M; Johansson, A: Ventilation with increased apparatus dead space vs positive end-expiratory pressure: Effects on gas exchange and circulation during anesthesia in a randomize clinical study, 114

Enhanced recovery after surgery (ERAS) (letter), 259
Enlow WM; Honig J; Cook SS: Strategic planning for curricular excellence (Education News), 13

Epidural anesthesia, dexamethasone in reducing postdural puncture headache? (letter), 7

Elderly patients, early percutaneous pinning of hip fracture using propofol-ketamine-lidocaine admixture in, receiving dabigatran, 46

Elective surgery, effect of, on subjective health in veterans with chronic posttraumatic stress disorder, 285
Elmblad R; Kodjebacheva G; Lebeck L: Workplace incivility affecting CRNAs: A study of prevalence, severity, and sequences with proposed interventions, 437

Emergence delirium in combat veterans, 335
Encephalitis. See Anti-NMDA receptor encephalitis
Endoleak, AANA Journal Course 34, Part 1 on, 145
Endoscopic procedures, evaluation of postprocedural cognitive function using standard sedation regiments for, 133

Endotracheal intubation in preventing postoperative sore throat, 188

Endovascular aortic aneurysm repair (EVAR), AANA Journal Course 34, Part 1 on, 145

Endovascular stent graft, AANA Journal Course 34, Part 1 on, 145

Enekvist, B; Bodelsson, M; Chew, M; Johansson, A: Ventilation with increased apparatus dead space vs positive end-expiratory pressure: Effects on gas exchange and circulation during anesthesia in a randomize clinical study, 114

Enhanced recovery after surgery (ERAS) (letter), 259
Enlow WM; Honig J; Cook SS: Strategic planning for curricular excellence (Education News), 13

Epidural anesthesia, dexamethasone in reducing postdural puncture headache? (letter), 7

Equipment improvisation, bilateral tension pneumothorax following, 20

ERAS. See Enhanced recovery after surgery (ERAS)

Estimation, accuracy of blood loss, among anesthesia providers, 300

EVAR. See Endovascular aortic repair (EVAR)

Facciocutaneoskeletal syndrome. See Costello syndrome
Factor analysis, clinical evaluation of student registered nurse anesthetists, 65
False Claims Act, liability for CRNAs related to medical direction (Legal Brief), 10

Fatigue, high scores among older Dutch nurse anesthetists, 227
Fellowships. See Post-graduate CRNA fellowships; Post-graduate CRNA Fellowships

Fentanyl, serotonin syndrome and, 340

Fixed, methods, cost comparison between incremental techniques in pediatric patients for sevoflurane induction procedure, 32

Floppy classroom, 264
Flores RA; Bailard N; Palvadi R: Methodological weaknesses of block study make analyzing results very difficult (letter), 336

Fluid management, AANA Journal Course 34, Part 2 on re-examining, in goal-directed therapy, 235
Fluid restriction, AANA Journal Course 34, Part 2 on re-examining, in goal-directed therapy, 235

Forced-air warmers, Microbial buildup in (letter), 7

Formative assessment, objective structured clinical examination as educational initiative for first-year student registered nurse anesthetists’ (Education News), 419
Fractures. See Hip fracture

Frazee, JD. See Bellenger SR; Frazee JD: Sevoflurane as a therapy for acute chlorine gas exposure in an austere healthcare environment: a case report, 223

Gallagher, K; Vacchiano C: AANA Journal course 34, Part 2 on Reexamining traditional intraoperative fluid administration: evolving views in the age of goal-directed therapy, 235

Gegel, BT. See Burgert JM; Mozer J; Williams T; Gostnell J; Gegel BT; Johnson S; Bentley M; Johnson D: Effects of intraosseous transfusion of whole blood on hemolysis and transfusion time in a swine model of hemorrhagic shock: a pilot study, 198

Genetic disorders. See Costello syndrome

Gerbasi FR. See Gombkoto RLM; Walker JR; Horton BJ; Martin-Sheridan D; Yablonky MJ; Gerbasi FR: Council on Accreditation of Nurse Anesthesia Educational Programs adopts standards for the practice doctorate and post-graduate CRNA Fellowships, 177

Geriatric patients. See Elderly patients

Gloving practices, compliance of use among providers, 363

Glucose monitoring, perioperative, for patients undergoing vascular surgery in a community hospital, 427

Glymph DC. See Wunder L, Glymph DC, Newman J, Gonzalez V, Gonzalez J, Groom J: Objective structured clinical examination as an educational initiative for summative simulation competency evaluation of first-year student registered nurse anesthetists’ clinical skills (Education News), 419

Goal-directed volume administration, AANA Journal course on traditional intraoperative fluid administration in, 235

Goettle BB. See Watkins TJ; Bonds RL; Hodges K; Gottle BB: Dobson, D A M; Maye JP: Evaluation of postprocedure cognitive function using 3 distinct standard sedation regiments for endoscopic procedures, 133

Gombkoto RLM; Walker JR; Horton BJ; Martin-Sheridan D; Yablonky MJ; Gerbasi FR: Council on Accreditation of Nurse Anesthesia Educational Programs adopts standards for the practice doctorate and post-graduate CRNA fellowships, 177

Gonzalez J. See Wunder L, Glymph DC, Newman J, Gonzalez V, Gonzalez J, Groom J: Objective structured clinical examination as an educational initiative for summative simulation competency evaluation of first-year student registered nurse anesthetists’ clinical skills (Education News), 419

Gostnell, J. See Burgert JM; Mozer J; Williams T; Gostnell J; Gegel BT; Johnson S; Bentley M; Johnson D: Effects of intraosseous transfusion of whole blood on hemolysis and
transfusion time in a swine model of hemorrhagic shock: a pilot study, 198
Goudra B; Singh PM; Galvin E: Comparison of compliance of glove use among anesthesia providers: a prospective blinded observational study, 363
Grading rubric, psychometric testing of Pecka, for evaluating higher-order thinking is distance learning, 449
Greiner E; Lukyanova V; Redde L: Serotonin syndrome: fentanyl and selective serotonin reuptake inhibitor interactions, 340
Groh C; See Bozimowski G; Groh C; Rouen P; Dosch M The prevalence and patterns of substance abuse among nurse anesthesia students, 277
Groom J. See Wunder L; Glyph DC, Newman J, Gonzalez V, Gonzalez J, Groom J: Objective structured clinical examination as an educational initiative for summative simulation competency evaluation of first-year student registered nurse anesthetists clinical skills (Education News), 419

Hand hygiene, securing the endotracheal tube with adhesive tape: an integrative literature review, 457
Hartland BL; Newell TJ; Damico N: Alveolar recruitment maneuvers: are your patients missing out?, 307
Hawkins R; Bendickson L; Benson P; Osborne; McPherson J; Todd L; Snelson J; Bruner S; Bohan K: A pilot study evaluating the perceptions of Certified Registered Nurse Anesthetists toward human patient simulation, 375
Headaches, dexamethasone in reducing postdural puncture headache environment: Sevoflurane as therapy for acute hypervolemia, 223; Workplace incivility affecting CRNAs in, 437
Healthcare environment: Sevoflurane as therapy for acute hypervolemia, 223; Workplace incivility affecting CRNAs in, 437
Healthcare providers, substance abuse and reentry into anesthesia practice, 95
Heart transplants, anesthetic considerations for an adult heart transplant recipient undergoing noncardiac surgery, 293
Hemolysis, effects of blood transfusion in hemorrhagic shock, 198
Hemorrhagic shock, effects of blood transfusion on hemolysis and transfusion time in, 198
Henker R. See Morrison S; O’Donnell J; Ren D; Henker R: Perioperative glucose monitoring and treatment of patients undergoing vascular surgery in a community hospital setting, 427
Hepatic injury, anesthetic management of complex pediatric trauma patient, 270
Hertzberg M. See Wolford K; Hertzberg M; Silva S; Vacciano: Effect of electric surgery on subjective health in veterans with chronic posttraumatic stress disorder, 285
Hewer, L. See Maclntyre P; Stevens B; Collins S; Hewer I: Cost of education and earning potential for non-physician anesthesia providers, 25
Hickel, C. Early percutaneous pinning of hip fracture using propofol-ketamine-lidocaine admixture in a geriatric patient receiving dabigatran: a case report, 46
Higher order thinking: Applicability of distance learning for student nurse anesthesia education, 212; Psychometric testing of the Pecka Grading Rubric for evaluating, in distance learning, 449
Hip fractures, early percutaneous pinning of, using propofol-ketamine-lidocaine admixture in a geriatric patient, 46
Hodges K. See Watkins TJ; Bonds RL; Hodges K; Gottle BB: Dobson, D A M; Maye JP: Evaluation of postprocedure cognitive function using 3 distinct standard sedation regiments for endoscopic procedures, 133
Hoke, M. See Meeusen V; Hoekman, J.: High prevalence of glove use among anesthesia providers: a prospective blinded observational study, 363
Honesty, False Claims Act liability for CRNAs related to medical direction and (Legal Brief), 10
Horton, B. See Gombokoto RLM; Walker JR; Horton BJ; Martin-Sheridan D; Yahnlonky MJ; Gerbasi FR: Council on Accreditation of Nurse Anesthesia Educational Programs adopts standards for the practice doctorate and post-graduate CRNA fellowships, 177
Huang, Jeffrey: Enhanced recovery after surgery (ERAS) (letter), 259
Huang J; McKenna N; Babins N: Utility of thromboelastography during neuraxial blockade in the parturient with thrombocytopenia, 127
Human factors in bilateral tension pneumothorax following equipment improvisation, 20
Human patient simulation, perceptions of Certified Registered Nurse Anesthetists, 375
Humeral fracture, ultrasound-guided interscalene-supravascular block for an intramedullary nailing of a pathologic, 219
Hydrodissection, AANA Journal Course 33, Part 6 on transverse abdominis plane (TAP) blocks, 73
Hyperglycemia, perioperative glucose monitoring and treatment of patients undergoing vascular surgery in a community hospital, 427
Hyperthermic intraperitoneal chemotherapy, cytoreductive surgery with, 140
Hypervolemia, AANA Journal course on reexamining intraoperative fluid administration in goal-directed therapy, 235

Incivility, workplace, affecting CRNAs, 437
Incremental method, cost comparison between incremental techniques in pediatric patients for sevoflurane induction procedure, 32
Induction procedures, cost comparison between fixed 8% versus incremental technique in pediatric patients for sevoflurane, 32
Informatics, contemporary issues in, 346
Instrument validity, clinical evaluation of student registered nurse anesthetists and, 65
Intensive care unit, AANA Journal course 34, Part 4 on anesthesia ventilators in, 387
Intercostobrachial nerve, comparison of 3 ultrasound-guided brachial plexus block approaches for cubital tunnel release surgery, 121, (letter) 336
Interscalene block, for intramedullary nailing of a pathologic humeral fracture, 219
Intramedullary nailing, ultrasound-guided interscalene-supravascular block for, of a pathologic humeral fracture, 219
Intracranial pressure, perioperative dorzolamide-timolol intervention for rising, during steep Trendelenburg positioned surgery, 203
Intraosseous infusion of whole blood on hemolysis and transfusion time in hemorrhagic shock, 198
Intraosseous transfusion, effects of, on hemolysis and transfusion time in hemorrhagic shock, 198
Intravenous sedation, utility of the Berlin questionnaire to
screen for obstructive sleep apnea among patients receiving, for colonoscopy, 38
Inverted learning, flipped classrooms and, 264
Iowa Satisfaction with Anesthesia Scale: Use of (letter), 175;
Response to letter on (letter), 175
Ischemic optic neuropathology, perioperative dorzolamide-timol intervention for rising intraocular pressure during steep Trendelenburg positioned surgery, 203

J
Johansson, A. See Enekvist B; Chew M; Johansson A: Ventilation with increased apparatus dead space vs positive end-expiratory pressure: effects on gas exchange and circulation during anesthesia in a randomized clinical study, 114
Johnson, S. See Burgert, JM; Mozer J; Williams T; Gostnell J; Geigel BT; Johnson S; Bentley M; Johnson D: Effects of intraosseous transfusion of whole blood on hemolysis and transfusion time in a swine model of hemorrhagic shock: a pilot study, 198
Jordann, L. See Quraishi J; Jordan L: Quality and performance measurement: national efforts to improve quality of care through measurement development, 184

K
Kalil, DM; Silvestro, LS; Austin, PN: Novel preoperative pharmacologic methods of preventing postoperative sore throat due to tracheal intubation, 188
Kamran, H. See Nasban-Noghabi, S; Ekrami-Noghabi, A; Kamran H: Can dexamethasone reduce postural puncture headache? (letter), 7
Kamran H. See Pashan-Noghabi S; Ekrami-Noghabi A; Kamran H.: Can dexamethasone reduce postural puncture headache? (letter), 7
Ketamine, in preventing postoperative sore throat due to tracheal intubation, 188
“Ketofof,” early percutaneous pinning of hip fracture using propofol-ketamine-lidoainde admixture in a geriatric patient receiving dabigatran, 46
Ketorolac, intravenous, for management of pediatric surgical pain, 53
Koch, Evan: Our tormentors have been chastised by their peers (letter), 258
Kodjebacheva G. See Elmblad R; Kodjebacheva G; Lebeck L: Workplace incivility affecting CRNAs: a study of prevalence, severity, and consequences with proposed interventions, 437
Kossick, MA. See Baley K; Michalov K; Kossick MA; McDowell, M: Intravenous acetaminophen and intravenous ketorolac for management of pediatric surgical pain: a literature review, 53
Kotcherlakota, S. See Pecka, SL; Kotcherlakota, S; Berger, AM
Kral M. See Bostic A: Re-Entry: A Guide for Nurses Dealing with Substance Abuse Disorder (Book Review), 93
Krug L, Machan M, Villalba J: Securing the endotracheal tube with adhesive tape: an integrative literature review, 457
Kruskal-Wallis test, in analyzing patient satisfaction with sedation (letter), 175

L
Laparoscopic surgery, perioperative dorzolamide-timol intervention for rising intraocular pressure during steep Trendelenburg positioned, 203
Laryngeal mask airway (LMA), use in patients in the prone position, 101
Lebeck L. See Elmblad R; Kodjebacheva G; Lebeck L: Work-place incivility affecting CRNAs: a study of prevalence, severity, and consequences with proposed interventions, 437

Noncardiac surgery, anesthetic considerations for an adult heart transplant recipient undergoing, a case report, 293
Non-physician anesthesia providers, cost of education and earning potential for, 23
Normalization of deviance pneumothorax, bilateral tension pneumothorax following equipment improvisation, 20
Nurse anesthetists: Cost of education and earning potential for, 25; Clinical evaluation of student registered, 65; Community of inquiry model in advancing distance learning in education of, 212; High fatigue scores among older Dutch, 227; Flipped classroom for, 264; Prevalence and patterns of substance abuse among students, 277; Anesthesia information management systems and, 346. See also Student registered nurse anesthetists (SRNAs)
Nursing education, flipped classroom in, 264

O
Objective structured clinical examination as an educational initiative for summative simulation competency evaluation of first-year student registered nurse anesthetists’ clinical skills (Education News), 419
Obstructive sleep apnea, utility of the Berlin Questionnaire to screen for, among patients receiving intravenous sedation for colonoscopy, 38
Ocular perfusion pressure, perioperative dorzolamide-timolol intervention for rising, during steep Trendelenburg positioned surgery, 203
O’Donnell J. See Morrison S; O’Donnell J; Ren D; Henker R: Perioperative glucose monitoring and treatment of patients undergoing vascular surgery in a community hospital setting, 427
On-call shifts, high fatigue scores among older Dutch nurse anesthetists, 227
Open lung ventilation: AANA Journal Course 34, Part 3 on alveolar recruitment maneuvers: are your patients missing out?, 307
Operating room: Compliance of glove use among providers, 363; AANA Journal course 34, Part 5 on medication administration in the operating room, 465
Osborne L. See Hawkins R; Bendickson L; Benson P; Osborne; McPherson J; Todd L; Snelson J; Bruner S; Bohan K: A pilot study evaluating the perceptions of Certified Registered Nurse Anesthetists toward human patient simulation, 375
Ovarian cancer, cytoreductive surgery with hyperthermic intraperitoneal chemotherapy for, 140
Overpayments, False Claims Act liability for CRNAs related to medical direction and (Legal Brief), 10

P
Pain management: Intravenous acetaminophen and intravenous ketorolac for management of pediatric surgical pain, 53; AANA Journal course 33, part 6, on transverse abdominis plane (TAP) blocks, 73. See also Postoperative pain; Surgical pain
Palvadi R. See Flores RA; Bailard N; Palvadi R: Methodological weaknesses of block study make analyzing results very
difficult (letter), 336
Parturients, utility of thromboclastography during neuraxial blockade in, with thrombocytopenia, 127
Pasban-Noghabi S; Ekrami-Noghabi A; Kamran H. Can dexamethasone reduce postural puncture headache? (letter), 7
Patient(s): Utility of Berlin Questionnaire in screening for obstructive sleep apnea among those receiving intravenous sedation for colonoscopy, 38; Use of laryngeal mask airways in, in the prone position, 101; Ultrasound-guided brachial plexus block approaches for cubital tunnel release surgery in ambulatory, 121; (letter) 336; (response to letter on) 336; Alveolar recruitment maneuvers and, 307; Perioperative glucose monitoring and treatment of those undergoing vascular surgery, 427. See also Pediatric patients
Patient care: Concept of reentry in the addicted anesthesia provider, 95; Perioperative glucose monitoring and treatment of patients undergoing vascular surgery in a community hospital, 427
Patient outcomes: Postprocedure cognitive function using standard sedation regimens for endoscopic procedures, 133; Perioperative glucose monitoring and treatment of patients undergoing vascular surgery in a community hospital, 427
Patient safety, AANA Journal course 34, Part 5 on medication administration in the operating room, 465
Patient satisfaction, implications for anesthetic practice (letter), 259
Pecka, SL; Kotcherlakota, S; Berger, AM: Community of Inquiry model: advancing distance learning in nurse anesthesia education, 212
Pecka S, Schmid K, Pozehl B: Psychometric testing of the Pecka Grading Rubric for evaluating higher-order thinking in distance learning, 449
Pediatric patients: Sevoflurane induction procedure: cost comparison between fixed 8% versus incremental techniques in, 32; Intravenous acetaminophen and intravenous ketorolac for management of surgical pain in, 53; Anesthetic management of Costello syndrome in, 108; Anesthetic management of complex pediatric trauma patient, 270; Anesthetic management and implications with diagnosis of anti-N-methyl-d-aspartate receptor encephalitis, 431. See also Patients
Perceptions, evaluation of Certified Registered Nurse Anesthetists toward human patient simulation, 346
Percutaneous pinning of hip fracture using propofol-ketamine-lidocaine admixture in a geriatric patient receiving dabigatran: a case report, 46
Performance measurement, national efforts to improve, 184
Perioperative care: Of heart transplant recipients undergoing noncardiac surgery, 293; Glucose monitoring and treatment of patients undergoing vascular surgery in a community hospital, 427
Peritoneal cancer, cytoreductive surgery with hyperthermic chemotherapy for, 140
Peterson JJ; White KW; Westra BL; Monsen KA: Anesthesia information management systems: imperatives for nurse anesthetists, 346
Pharmacoconomics, sevoflurane induction procedure: cost comparison between fixed 8% versus incremental techniques in pediatric patients, 32
Pharmacologic interventions in preventing postoperative sore throat due to tracheal intubation, 188
Pharmacy education, flipped, 264
Physician outcomes, postprocedure cognitive function using standard sedation regimens for endoscopic procedures, 133
Physician Quality Reporting System (PQRS) in improving quality of care, 184
Pilot studies, evaluating perceptions of Certified Registered Nurse Anesthetists toward human patient simulation, 346
Platelet count, neuraxial blockade in patient with low, 127
Pneumoperitoneum, cardiopulmonary arrest in robotic surgery and, 231
Posey R. See Cornelius BG, Strong M, Posey R
Positive end-expiratory pressure, in reducing atelectasis formation, 114
Postanesthetic excitement. See Emergence delirium
Postdural puncture headache, dexamethasone in reducing (letter), 7
Post-graduate CRNA Fellowships, Council on Accreditation of Nurse Anesthesia Educational Program in adoption of standards for, 177
Postheart transplant, anesthetic considerations for an adult heart transplant recipient undergoing noncardiac surgery, 293
Postoperative cognitive dysfunction, evaluation of, using 3 distinct standard sedation regimens for endoscopic procedures, 133
Postoperative pain, AANA Journal course 33, part 6, on transverse abdominis plane (TAP) blocks, 73
Postoperative sore throat, prevention of, 188
Postoperative visual loss (POVL), elevated intraocular pressure and venous congestion as cause of, 203
Postprocedure cognitive function, evaluation of, using standard sedation regimens, 133
Posttraumatic stress disorder (PTSD), effect of elective surgery on subjective health in veterans with chronic, 285
Pozehl B. See Pecka S, Schmid K, Pozehl B: Psychometric testing of the Pecka Grading Rubric for evaluating higher-order thinking in distance learning, 449
PQRS. See Physician Quality Reporting System (PQRS)
