### Volume 75

#### 2007 AANA Journal Index

- **Web-based resource**, 49
- **Airflow**
  - Use of heliox for intraoperative bronchospasm: A case report, 189
- **Airway**
  - The PAXpress airway causes more pharyngeal irritation than the reusable laryngeal mask airway, 123; see AANA Journal Course, Part 1, 129; see Letters, 166; Airway management in a child with penetrating pharyngeal wall foreign body injury: A case report, 329
- **Airway assessment**
  - A comparison of preoperative airway assessment techniques: The modified Mallampati and the upper lip bite test, 177
  - Airway management in a child with penetrating pharyngeal wall foreign body injury: A case report, 329
- Aker J see AANA Journal Course, Part 6, 65; see AANA Journal Course, Part 4, 349
- Alanine transaminase see State of the Science oral and poster sessions, A33
- Alcohol, isopropyl
  - A comparative analysis of isopropyl alcohol and ondansetron in the treatment of postoperative nausea and vomiting from the hospital setting to the home, 21
- Ales R, May D, Whitney L: A study comparing chlorpromazine with lidocaine for skin infiltration before intravenous catheter insertion, 255
- **Algorithm** see State of the Science oral and poster sessions, A50
- **alpha-2 Receptors** see State of the Science oral and poster sessions, A6, A19
- **Alveolar-capillary injury** see State of the Science oral and poster sessions, A16
- **Ambulatory surgery**
  - Spinal anesthesia for abdominoplasty with liposuction: A case report, 126; see State of the Science oral and poster sessions, A7
  - Analgesia see State of the Science oral and poster sessions, A22
  - Anaphylaxis see State of the Science oral and poster sessions, A30
- Anderson DJ see AANA Journal Course, Part 6, 65
- Anderson NK, Jones AD, Martin EE, Thies RF, Baxter D, Mariniu MES, Elliott BA: Anesthetic care of the trauma patient: Development of a Web-based resource, 49
- Andrade JA see State of the Science oral and poster sessions, A29
- Andrilla H see Kaplan L
- Anesthesia awareness see State of the Science oral and poster sessions, A44, A54
- Anesthesia billing data
  - Evidence-based management assessment of return on investment from anesthesia information management systems, 43
  - Anesthesia "go team" for trauma patients: Field based anesthesia, 107
- Anesthesia information management systems
  - Evidence-based management assessment of return on investment from anesthesia information management systems, 43
  - Anesthesia machine see State of the Science oral and poster sessions, A33
- Anesthesia providers see Legal Briefs, 9, 89; The Washington State nurse
anesthetic workforce: A case study, 37; see State of the Science oral and poster sessions, A3, A5, A7, A8, A66
Anesthetic delivery see AANA Journal Course, Part 3, 289
Anesthetic implications for surgical correction of scoliosis, 277
Anesthetic management in a pediatric patient with Noonan syndrome, mastocytosis, and von Willebrand disease: A case report, 261
Anesthesia
Thoracoabdominal aneurysm repair: A case report, 117
Angiogram see AANA Journal Course, Part 4, 349
Annual meetings see Imagining in Time, 174
Antiplatelet therapy see State of the Science oral and poster sessions, A37
α1-Antitrypsin deficiency see AANA Journal Course, Part 4, 349
Anxiety
Evaluation of the anxiolytic effects of chrysin, a Passiflora incarnata extract, in the laboratory rat, 333; Predictors of student success in the US Army Graduate Program in Anesthesia Nursing, 339; see State of the Science oral and poster sessions, A9, A28, A34, A48
Aortic aneurysm
Thoracoabdominal aneurysm repair: A case report, 117
Apatov N see State of the Science oral and poster sessions, A27
Aposte H, Acosta S, Rigamonti D, Austin P, Samolitis T: The use of ultrasound for placement of intravenous catheters, 212
Apoptosis see State of the Science oral and poster sessions, A10
Aromatherapy
A comparative analysis of isopropyl alcohol and ondansetron in the treatment of postoperative nausea and vomiting from the hospital setting to the home, 21
Artificial oxygen carriers: A current review, 205
Aspirin see State of the Science oral and poster sessions, A37
Assessment see State of the Science oral and poster sessions, A48
Attitudes see State of the Science oral and poster sessions, A30
Auld VH see State of the Science oral and poster sessions, A31
Austin P see Aposte H
Automation
Evidence-based management assessment of return on investment from anesthesia information management systems, 43
Avant JR see State of the Science oral and poster sessions, A23
Awareness see State of the Science oral and poster sessions, A44, 54
Aylor N see State of the Science oral and poster sessions, A28

B

Baclofen see AANA Journal Course, Part 6, 65
Bailey MD see State of the Science oral and poster sessions, A51
Baker BM see Eshkevari L
Baker KR see State of the Science oral and poster sessions, A43
Bannon MP see State of the Science oral and poster sessions, A18
Barriers see Education News, 325
Baxter D see Anderson NK
Bauer L see State of the Science oral and poster sessions, A37
Bellomy CL see State of the Science oral and poster sessions, A44
Benson SL see State of the Science oral and poster sessions, A52
Benzodiazepines
The effects of valerian on the time course of emergence from general anesthesia in Sprague-Dawley rats (Rattus norvegicus), 431
Berzinis B see State of the Science oral and poster sessions, A53
Best practices
A literature review on anesthetic practice for carotid endarterectomy surgery based on cost, hemodynamic stability, and neurologic status, 193
Biddle C see AANA Journal Course, Part 4, 349
Billing data
Evidence-based management assessment of return on investment from anesthesia information management systems, 43
Biologic markers see State of the Science oral and poster sessions, A32
Biswas R see State of the Science oral and poster sessions, A32
Bite test
A comparison of preoperative airway assessment techniques: The modified Mallampati and the upper lip bite test, 177
Block RI see State of the Science oral and poster sessions, A34
Blood loss
Artificial oxygen carriers: A current review, 205; Anesthetic implications for surgical correction of scoliosis, 277
Blood substitutes
Artificial oxygen carriers: A current review, 205
Bloom KC see State of the Science oral and poster sessions, A38
Blumenreich GA see Legal Briefs, 89
Books and Multimedia of Interest
Handbook of Neuromuscular blocking agents, 95; The ICU Book, 95; Atlas of Airway Management Techniques and Tools, 171
Bopp EJ see State of the Science oral and poster sessions, A42
Brandt SR see State of the Science oral and poster sessions, A18
Bronchial dilator
Double-lumen endotracheal tube for one-lung ventilation through a fresh tracheostomy stoma: A case report, 411
Bronchospasm
Use of heliox for intraoperative bronchospasm: A case report, 189
Brown A see State of the Science oral and poster sessions, A5, A24
Brown DR see State of the Science oral and poster sessions, A18
Brown M-A see Kaplan L
Brown WE, Hurd NS, McCall S, Ceremuga TE: Evaluation of the anxiolytic effects of chrysin, a Passiflora incarnata extract, in the laboratory rat, 333
Brownfield MJ see State of the Science oral and poster sessions, A61
Bruce W see State of the Science oral and poster sessions, A19
Bryngelson JA see State of the Science oral and poster sessions, A7
Bupivacaine see State of the Science oral and poster sessions, A31
Burkard AJ see State of the Science oral and poster sessions, A29
Burns SM, Meland NB: Spinal anesthesia for abdominoplasty with liposuction: A case report, 126
Bushey BA see State of the Science oral and poster sessions, A31

C

Caldwell AD see State of the Science oral and poster sessions, A49
Cancer see AANA Journal Course, Part 2, 219; see State of the Science oral and poster sessions, A27
Cannon MR see State of the Science oral and poster sessions,
A13
Cardiac toxicity see State of the Science oral and poster sessions, A31
Cardiovascular effects
Myocardial ischemia in the postanesthesia care unit: A case report, 34; see AANA Journal Course, Part 2, 219
Carlsson GE see State of the Science oral and poster sessions, A6
Carotid endarterectomy
A literature review on anesthetic practice for carotid endarterectomy surgery based on cost, hemodynamic stability, and neurologic status, 193
Catecholamines
Evaluation of the anxiolytic effects of chrysin, a *Passiflora incarnata* extract, in the laboratory rat, 333
Catheterization, intravenous
The use of ultrasound for placement of intravenous catheters, 212
Cavanaugh B see Hulse JA
Central nervous system see AANA Journal Course, Part 2, 219
Cerebral palsy see AANA Journal, Course 6, 65
Cerebrospinal fluid
Risks, benefits and complications of epidural corticosteroid injections: A case report, 183
Certified Registered Nurse Anesthetists see Legal Briefs, 9; The Washington State nurse anesthetist workforce: A case study, 37
Cesarean section see State of the Science oral and poster sessions, A14, A25, A44
Chaplin RL Jr, Jedynak J, Johnson D, Heiter D, L Shovelton, Garrett N: The effects of valerian on the time course of emergence from general anesthesia in Sprague-Dawley rats (*Rattus norvegicus*), 431
Cerebrospinal fluid
The effect of spinal needle design, size, and penetration angle on dural puncture cerebral spinal fluid loss, 111; Impact of pseudotumor cerebri (idiopathic intracranial hypertension) in pregnancy: A case report, 199
Chemical dependency see State of the Science oral and poster sessions, A55
Chemoreceptor trigger zone
A comparative analysis of isopropyl alcohol and ondansetron in the treatment of postoperative nausea and vomiting from the hospital setting to the home, 21; Meclizine in combination with ondansetron for prevention of postoperative nausea and vomiting in a high-risk population, 27
Chemotherapy see AANA Journal Course, Part 2, 219
Chenowith T see Hulse JA
Chloroprocaine
A study comparing chloroprocaine with lidocaine for skin infiltration before intravenous catheter insertion, 255
Christensen JP see State of the Science oral and poster sessions, A29
Chrysin
Evaluation of the anxiolytic effects of chrysin, a *Passiflora incarnata* extract, in the laboratory rat, 333; see State of the Science oral and poster sessions, A2
Cline R see State of the Science oral and poster sessions, A50
Clopidogrel see State of the Science oral and poster sessions, A37
Closed claims studies in anesthesia: A literature review and implications for practice, 267
Cody RF see Legal Briefs, 9
Cognitive assessment
Predictors of student success in the US Army Graduate Program in Anesthesia Nursing, 339
Colucci SL see State of the Science oral and poster sessions, A11
Combivibe see AANA Journal Course, Part 1, 129
A comparative analysis of isopropyl alcohol and ondansetron in the treatment of postoperative nausea and vomiting from the hospital setting to the home, 21
A comparison of preoperative airway assessment techniques; The modified Mallampati and the upper lip bite test, 177
Complications
Myocardial ischemia in the postanesthesia care unit: A case report, 34; Risks, benefits and complications of epidural corticosteroid injections: A case report, 183; see Letters, 323; see State of the Science oral and poster sessions, A37, A44, A46; see AANA Journal Course, Part 3, 437
Compton J see State of the Science oral and poster sessions, A19
Conley Y see State of the Science oral and poster sessions, A5, A24
Control see Legal Briefs, 89
Cooper D see State of the Science oral and poster sessions, A27
Corticosteroids
Risks, benefits and complications of epidural corticosteroid injections: A case report, 183
Corticosterone
Evaluation of the anxiolytic effects of chrysin, a *Passiflora incarnata* extract, in the laboratory rat, 333
Corydalis see State of the Science oral and poster sessions, A6, A19
Corydalis yanhuso see State of the Science oral and poster sessions, A34
Cost factors
Evidence-based management assessment of return on investment from anesthesia information management systems, 43; A literature review on anesthetic practice for carotid endarterectomy surgery based on cost, hemodynamic stability, and neurologic status, 193
Council on Accreditation of Nurse Anesthesia educational programs to be reviewed during fiscal year 2008, 17; Official listing of members, 446; Recognized educational programs, 446
Council on Certification of Nurse Anesthetists, Official listing of members, 460
Council on Recertification of Nurse Anesthetists, Official listing of members, 460
Craney TL see State of the Science oral and poster sessions, A11
Crawley GD see State of the Science oral and poster sessions, A16
Crum-Cianflone N see State of the Science oral and poster sessions, A60
Cryder J see State of the Science oral and poster sessions, A21
Curriculum see Education News, 247; see State of the Science oral and poster sessions, A13, A21, A36
Cyclodextrins see AANA Journal Course, Part 3, 289
Cystic fibrosis see State of the Science oral and poster sessions, A32
Cytokines see State of the Science oral and poster sessions, A32

D
Daniel CA see State of the Science oral and poster sessions, A42
Daniels J see State of the Science oral and poster sessions, A4
Dantrolene sodium
The Icarus effect: The influence of diluent warming on
Dantrolene sodium mixing time, 101; see State of the Science oral and poster sessions, A43
Davis C see State of the Science oral and poster sessions, A26, A38
Dendy DD see State of the Science oral and poster sessions, A8
Density
Use of heliox for intraoperative bronchospasm: A case report, 189
Deposition see Legal Briefs, 9
Depression see State of the Science oral and poster sessions, A38
Dexmedetomidine see State of the Science oral and poster sessions, A6, A19
Dexter F see O'Sullivan CT
Dickinson TR see State of the Science oral and poster sessions, A38
Dietrich SA see Hester CE
Diluent temperature
The Icarus effect: The influence of diluent warming on dantrolene sodium mixing time, 101
Doctoral education
see Education News, 167, 247; see Letters, 323; see State of the Science oral and poster sessions, A30
Donais J see State of the Science oral and poster sessions, A1
Donohue K see State of the Science oral and poster sessions, A7
Dopamine
A comparative analysis of isopropyl alcohol and ondansetron in the treatment of postoperative nausea and vomiting from the hospital setting to the home, 21; Current literature questions the routine use of low-dose dopamine, 57
Dorsal aorta see State of the Science oral and poster sessions, A23
Dorsal rhizotomy see AANA Journal Course, Part 6, 65
Double-lumen endotracheal tube see State of the Science oral and poster sessions, A1
Duncan R see State of the Science oral and poster sessions, A9
Dural puncture
The effect of spinal needle design, size, and penetration angle on dural puncture cerebral spinal fluid loss, 111; see State of the Science oral and poster sessions, A22
Dysmorphic syndromes
Anesthetic management in a pediatric patient with Noonan syndrome, mastocytosis, and von Willebrand disease: A case report, 201
Dystrophy see State of the Science oral and poster sessions, A40

Edinger JR see State of the Science oral and poster sessions, A11
Edmonds J see State of the Science oral and poster sessions, A30
Education
Council on Accreditation of Nurse Anesthesia educational programs to be reviewed during fiscal year 2008, 17; Anesthetic care of the trauma patient: Development of a Web-based resource, 49; Predictors of student success in the US Army Graduate Program in Anesthesia Nursing, 339; see State of the Science oral and poster sessions, A13, A17, A35, A36, A47, A53

Education News
Recruitment and retention of nurse anesthesia faculty: Issues and strategies, 13; Upgrading nurse anesthesia educational requirements (1933-2006)—Part 1: Setting standards, 167; Upgrading nurse anesthesia educational requirements (1933-2006)—Part 2: Curriculum, faculty, and students, 247; Share your secrets—Teach! A proposal to increase the number of nurse anesthesia educators, 325; Student Leadership Tracks: A model for nurse anesthesia faculty recruitment and retention, 406
The effect of spinal needle design, size, and penetration angle on dural puncture cerebral spinal fluid loss, 111
The effectiveness of inhalation isopropyl alcohol vs granisetron for the prevention of postoperative nausea and vomiting, 417
The effects of valerian on the time course of emergence from general anesthesia in Sprague-Dawley rats (Rattus norvegicus), 431
Eichelberger CL see State of the Science oral and poster sessions, A40
Elderly people see State of the Science oral and poster sessions, A2
Electroconvulsive therapy see Letters 88; see State of the Science oral and poster sessions, A20
Electronic medical records
Evidence-based management assessment of return on investment from anesthesia information management systems, 43
Elevated plus-maze
Evaluation of the anxiolytic effects of chrysia, a Passiflora incarnata extract, in the laboratory rat, 333; see State of the Science oral and poster sessions, A9
Elliott BA see Anderson NK
Ellis JA see State of the Science oral and poster sessions, A39
Ellison KM see State of the Science oral and poster sessions, A35
Emergence
Use of heliox for intraoperative bronchospasm: A case report, 189; see State of the Science oral and poster sessions, A2, A39; The effects of valerian on the time course of emergence from general anesthesia in Sprague-Dawley rats (Rattus norvegicus), 431
Empysema see AANA Journal Course, Part 4, 349
Encapsulation see AANA Journal Course, Part 3, 289
Encephalopathy see AANA Journal Course, Part 6, 65
Endarterectomy
A literature review on anesthetic practice for carotid endarterectomy surgery based on cost, hemodynamic stability, and neurologic status, 193
Endotracheal tube
see State of the Science oral and poster sessions, A41; Double-lumen endotracheal tube for one-lung ventilation through a fresh tracheostomy stoma: A case report, 411
Epidural anesthesia see Letters, 323; see State of the Science oral and poster sessions, A22
Epidural steroid
Risks, benefits and complications of epidural corticosteroid injections: A case report, 183
Epinephrine see State of the Science oral and poster sessions, A45
Erie JC see State of the Science oral and poster sessions, A52
Eshkevari L, Baker BM: Asystole during laryngoscopy of a patient with pleural and pericardial effusions: A case report, 423
Esophageal-tracheal double lumen airway see AANA Journal Course, Part 1, 129
Estrada JL see State of the Science oral and poster sessions, A20

Facility design see State of the Science oral and poster sessions, A52
Faculty
    see Education News, 13, 247; 325, 406
Faculty shortage
    See Education News, 406
Failed intubation
    see AANA Journal Course, Part 1, 129
Fazekas D see State of the Science oral and poster sessions, A27
Fenoldopam
    Current literature questions the routine use of low-dose dopamine, 57
Fentanyl see State of the Science oral and poster sessions, A1, A12, 126
Fever see State of the Science oral and poster sessions, A60
Field anesthesia
    Anesthesia “go team” for trauma patients: Field based anesthesia, 107
Fire
    see Legal Briefs, 9
Fishes see State of the Science oral and poster sessions, A23
Flick R see State of the Science oral and poster sessions, A15
Flumazenil
    Evaluation of the anxiolytic effects of chrysin, a Passiflora incarnata extract, in the laboratory rat, 333
    see State of the Science oral and poster sessions, A9
Foley LS see State of the Science oral and poster sessions, A55
Fonder H see State of the Science oral and poster sessions, A19
Foreign body
    Airway management in a child with penetrating pharyngeal wall foreign body injury: A case report, 329
Forrester CM, Benfield DA Jr, Matern CE, Kelly JA, Pellegrini JE: Meclizine in combination with ondansetron for prevention of postoperative nausea and vomiting in a high-risk population, 27
Fracture see State of the Science oral and poster sessions, A5
Francois SJ see State of the Science oral and poster sessions, A52
Fritz L see State of the Science oral and poster sessions, A8, A27
Furnas B see State of the Science oral and poster sessions, A50

Gaddis RR see State of the Science oral and poster sessions, A10
Gaffey V see Imagining in Time, 97
Gambrell MA: Anesthetic implications for surgical correction of scoliosis, 277
Garey TD: see Education News, 406
Gargiulo K see State of the Science oral and poster sessions, A12
Gargiulo K see State of the Science oral and poster sessions, A26, A38
Gargiulo R see State of the Science oral and poster sessions, A4
Garrett N see Hulse JA; Chaplin RL Jr
Gastrointestinal diseases see AANA Journal Course, Part 2, 219
Gates G see State of the Science oral and poster sessions, A34
Genotypes see State of the Science oral and poster sessions, A24
Ghoneim MM see State of the Science oral and poster sessions, A34
Gingrich R see O’Connor G
Glasmacher see State of the Science oral and poster sessions, A5
Go team
    Anesthesia “go team” for trauma patients: Field based anesthesia, 107
Graduate nursing education
    Predictors of student success in the US Army Graduate Program in Anesthesia Nursing, 339
Granisetron
    see State of the Science oral and poster sessions, A14
    The effectiveness of inhalation isopropyl alcohol vs granisetron for the prevention of postoperative nausea and vomiting, 417
Greene JW see State of the Science oral and poster sessions, A23
Grollman M see State of the Science oral and poster sessions, A17
Gruen G see State of the Science oral and poster sessions, A5, A24

Hacker J see State of the Science oral and poster sessions, A2
Hackett J see State of the Science oral and poster sessions, A46
Hadenfeldt SL see State of the Science oral and poster sessions, A56
Haffarman MK see State of the Science oral and poster sessions, A54
Halverson JW see State of the Science oral and poster sessions, A40
Hanrahan EJ see State of the Science oral and poster sessions, A14
Hart LG see Kaplan L
Hastings BH see Letters 88
Hawkins JK see Teran L
Headache
    The effect of spinal needle design, size, and penetration angle on dural puncture cerebral spinal fluid loss, 111;
    Impact of pseudotumor cerebri (idiopathic intracranial hypertension) in pregnancy: A case report, 199; see State of the Science oral and poster sessions, A22
Health see State of the Science oral and poster sessions, A47
Heliox
    Use of heliox for intraoperative bronchospasm: A case report, 189
Heiter D see Chaplin RL Jr
Hemodynamics
    A literature review on anesthetic practice for carotid endarterectomy surgery based on cost, hemodynamic stability, and neurologic status, 193
Hemoglobin-based oxygen carriers
    Artificial oxygen carriers: A current review, 205
Henkel-Hanke T, Oleck M: Artificial oxygen carriers: A current...
The Icarus effect: The influence of diluent warming on dantralene sodium mixing time, 101

Idiopathic intracranial hypertension
Impact of pseudotumor cerebri (idiopathic intracranial hypertension) in pregnancy: A case report, 199

Imagining in Time
Agatha Cobourg Hodgins: She only counted shining hours, 97; The 1992 annual meeting in Denver, 174

Impact of pseudotumor cerebri (idiopathic intracranial hypertension) in pregnancy: A case report, 199

Inclusion complex see AANA Journal Course, Part 3, 289

Incollongo F, Shevchenko Y: Airway management in a child with penetrating pharyngeal wall foreign body injury: A case report, 329

Index to Advertisers, 80; 156; 236; 315; 396; 483

Infection control see State of the Science oral and poster sessions, A33

Information for Authors, 74; 146; 227; 288; 388; 436

Information management systems
Evidence-based management assessment of return on investment from anesthesia information management systems, 43

Injection
Risks, benefits and complications of epidural corticosteroid injections: A case report, 183; A study comparing chloroprocaine with lidocaine for skin infiltration before intravenous catheter insertion, 255

Injury
Airway management in a child with penetrating pharyngeal wall foreign body injury: A case report, 329; see State of the Science oral and poster sessions, A16, A29

Insolot 1,4,5-trisphosphate see State of the Science oral and poster sessions, A32

International Student Journal of Nurse Anesthesia see Letters, 12

Internet see World Wide Web
Interventional radiology
Occurrence and removal of a knotted pulmonary artery catheter: A case report, 423

Intracranial hypertension
Impact of pseudotumor cerebri (idiopathic intracranial hypertension) in pregnancy: A case report, 199

Intraoperative fire see Legal Briefs, 9

Intubation
see AANA Journal Course, Part 1, 129; see Letters, 166;
Airway management in a child with penetrating pharyngeal wall foreign body injury: A case report, 329; see State of the Science oral and poster sessions, A1, A41

Invasive hemodynamic monitoring
Occurrence and removal of a knotted pulmonary artery catheter: A case report, 423

Ischemia
Myocardial ischemia in the postanesthesia care unit: A case report, 34

Isofurans see State of the Science oral and poster sessions, A16

Isopropyl alcohol
A comparative analysis of isopropyl alcohol and ondansetron in the treatment of postoperative nausea and vomiting from the hospital setting to the home, 21; The effectiveness of inhalation isopropyl alcohol vs granisetron for the prevention of postoperative nausea and vomiting, 417

Jacob A see State of the Science oral and poster sessions, A60

Jedynak J see Chaplin RL Jr

review, 205

Henry R see State of the Science oral and poster sessions, A3, A24

Herbal medicines
see State of the Science oral and poster sessions, A6, A9, A19, A27, A39, A53, A59; The effects of valerian on the time course of emergence from general anesthesia in Sprague-Dawley rats (Rattus norvegicus), 431

Histamine
