

AANA Foundation Assembly of Didactic Clinical Educators
 General Poster Session 2019
 Numeric Order

Poster number assignment	Presenter First Name	Presenter Last Name	Abstract Category	Abstract Subcategory	Title Of Abstract
1	Molly	Condit	Evidence Based Practice	Other	Advanced Practice Providers: How to Improve Organizational Engagement
2	Ann	Miller	Evidence Based Practice	Other	Does a Formalized Preceptor-Training Program Reduce Barriers and Improve Learning for SRNAs and CRNAs in the Clinical Setting
3	Bryan	Wilbanks	Evidence Based Practice	Policy	Strategies to Mitigate Production Pressure to Improve Patient Outcomes
4	Kristin	Henderson	Evidence Based Practice	Students	Critical-Thinking Development in Nurse Anesthesia Learners: Addressing the Barriers to Problem-Based Learning
5	Beth	Clayton	Qualitative Research	Obstetrics	Thematic Analysis of the Obstetric Anesthesia Cases from the AANA Foundation Closed Claims Databank
6	Marjorie	Geisz-Everson	Qualitative Research	Other	Cardiovascular Complications in Patients Undergoing Non-Cardiac Surgery: A Cardiac Closed Claims Thematic Analysis
7	Sass	Elisha	Qualitative Research	Other	The Development of a Common Clinical Assessment Tool (CCAT) for Clinical Evaluation in Nurse Anesthesia Education
8	Mary	Golinski	Qualitative Research	Other	Adverse Events During Cosmetic Surgery: A Thematic Analysis of Closed Claims
9	Anne	Hranchook	Qualitative Research	Other	A Content and Thematic Analysis of Closed Claims Resulting in Death
10	Kevin	Stein	Qualitative Research	Students	Exploring the Impact of the Flipped Classroom on Student Registered Nurse Anesthetist Learning
11	Gena	Welch	Qualitative Research	Students	Clinical Site Integration of Student Registered Nurse Anesthetists: Challenges and Recommendations
12	Grace	Davidson	Quantitative Research	Communication	The Educational Podcast: The Future Learner's Preference for Multitasking
13	Rachel	Smith-Steinert	Quantitative Research	Simulation	Using Video-Assisted Technology and Simulation to Transform a Nurse Anesthesia Machine and Equipment Course
14	Maria	Ledbetter	Quantitative Research	Students	Service and Knowledge in Nurse Anesthesia Students after Service Learning Program Implementation
15	Maureen	McCartney Anderson	Quantitative Research	Students	Application of the Science of Learning to Nurse Anesthesia Students to Improve Self-Efficacy: A Pilot Study
16	Jenna	Steege	Quantitative Research	Students	Improving Patient Safety and Self Efficacy in the role of the Clinical Educator Through the Implementation of an Evidence-Based Preceptor Development Program
