Qualitative Research Project Evaluation Tool

Item options:

Very good = 4

Good = 3

Marginal = 2

Poor = 1

Absent = 0

Section 1

Design & Appearance of Slide Presentation

Author name(s) and Affiliation present

Organized (uncluttered, natural flow)

Readable script (easy to read and follow, font size appropriate)

Professional (scholarly language and presentation)

Visually appealing (captures and holds viewer's attention)

Free of grammatical errors

Free of spelling errors

Graphics clearly labeled

Referencing accurate

Section 2

Please evaluate each item as it applies to the type of qualitative inquiry.

Content

Title – demonstrates problem and/or phenomena of study

Problem/Phenomena – clearly stated

Significance – problem and/or phenomena explained, including relationship to nurse anesthesia

Primary Aim or Purpose of Study- incorporated with primary research variables, focused and clearly stated, consistent with title and significance

Theoretical Framework – appropriate to guide or inform study; reflected in way study was performed

Literature Review – appropriate, current, and identifies gaps/needs for study

Methodological Approach – research design appropriate and logically consistent for phenomena and question(s) posed

Data Collection – clearly described and logically consistent with methodological approach, including instruments and/or specific methods

Data Analysis – clearly described and logically consistent with methodological approach

Findings & Results – findings are rich, clearly described, and have heuristic relevance

Rigor & Trustworthiness – described, including elements of credibility, transferability, dependability, and/or confirmability
