AANA Insurance Services

Caring has its risks. Let us help safeguard your career.

For over 30 years, AANA Insurance Services has been specializing in malpractice insurance options to fit the ever-changing practice needs of our members. In fact, no other insurance agency provides a wider range of coverage options for CRNAs.

Protection You Deserve from a Name You Can Trust

Over 90% of medical malpractice claims are settled outside of court*. If you rely solely on the coverage provided by your employer, you could end up taking the fall for a claim you had little to no involvement in. What’s worse is this could happen without your knowledge.

If it is in the best interest of your employer, the hospital or facility, a claim can be settled without your consent which can tarnish your reputation or even affect your ability to practice.

Fortunately, AANA Insurance Services offers the personal protection of a policy that supplements the coverage provided by your employer.

This remarkably comprehensive yet affordably priced policy protects you with your own set of limits of liability, a dedicated attorney representing your interests, unlimited defense costs, and pure consent to settle—which means you decide if and when a claim is settled under your policy.

Unrivaled Protection and Service

AANA Insurance Services, with the backing of Medical Protective (MedPro), the highest-rated and longest running provider of professional liability coverage for healthcare providers, has a coverage option for virtually any practice setting and is the only insurance agency that helps to advance the nurse anesthesia profession.

As a wholly-owned subsidiary of the AANA, AANA Insurance Services is a resource to all members. For more information, contact our dedicated call center by phone at (800) 343-1368, email insuranceinfo@aana.com, or visit AANA.com/Malpractice.

Member Advantage Program

Enjoy exclusive perks and pricing with our Member Advantage Program.

Our Member Advantage Program lets you enjoy special discounts on life, health and disability insurance, practice tools, financial services, hotels, car rental, and more. Your savings will add up, and because we only partner with the best—you’ll enjoy high quality products and services.

AANA members receive exclusive offers from trusted partners who have been carefully vetted and support our mission to advance patient safety, practice excellence, and the nurse anesthesia profession.

- CMS Quality Clinical Data Registry (QCDR)

AANA members enjoy a discount on base subscription fees for QCDR services. AANA members can choose from the Anesthesia Business Group (ABG) QCDR or SCG Health QCDR to assist reporting quality data for the CMS Merit-based Incentive Payment System (MIPS).

- Student Loan Debt Consolidation or Refinancing

Laurel Road will help you consolidate your federal and private student loans into one loan with low rates.

- Travel

Save on hotels and rental cars from the top brand names that you know and trust, including Avis, Budget, and Wyndham.

- Insurance

AANA members enjoy discounts from top-tier carriers on group disability income, term life insurance, long term care insurance, accidental death insurance, medical, accident, critical Illness, dental, short-term medical, and more.

See page 5 for information on AANA professional liability insurance for CRNA members in virtually every practice setting.

- Office Supplies

Office Depot and OfficeMax offer AANA members up to 80% off an extensive selection of preferred products.

Visit AANA.com/MAP to learn more.
You could save thousands on your student loans

AANA members get a $250 Cash Bonus when refinancing.

To learn more and apply, visit LaurelRoad.com/AANA.

At Laurel Road, we recognize the dedication it takes to be a nurse anesthetist. That’s why we’ve created an easy online experience with low rates, personalized service, and technology that makes refinancing student debt easier – so you can focus on the future, not your past.

1. Savings vary based on rate and term of your existing and refinanced loan(s). Refinancing to a longer term may lower your monthly payments, but may also increase the total interest paid over the life of the loan. Refinancing to a shorter term may increase your monthly payments, but may lower the total interest paid over the life of the loan. Review your loan documentation for total cost of your refinanced loan.

2. The AANA $250 cash bonus is offered for applications from active AANA members. The loan application must close in order to qualify for the bonus. Cash bonus will be paid within 60 days of closing. Offer cannot be combined with other Laurel Road offers, including the Referral Program. Existing customers are not eligible.

Laurel Road is a brand of KeyBank National Association offering online lending products in all 50 U.S. states, Washington, D.C., and Puerto Rico. All loans are provided by KeyBank National Association, a nationally chartered bank. ©2019 KeyCorp® All Rights Reserved. Laurel Road is a federally registered service mark of KeyCorp.

Advocacy

AANA promotes our profession at the local, state, and national level.

We keep the value of CRNAs at the forefront with an ongoing national public relations campaign to educate healthcare administrators, legislators, and the public of your invaluable contributions to the U.S. healthcare system.

CRNA Week
National CRNA Week is our annual celebration of anesthesia patient safety. We call attention to nearly 54,000 certified registered nurse anesthetists and student registered nurse anesthetists—who safely and cost effectively provide approximately 43 million anesthetics each year.

Raise Your Voice as a CRNA and Advocate for the Very Best

The AANA is a determined advocate for CRNAs concerning issues such as patient safety, access to quality healthcare services, scope of practice, educational funding, reimbursement, and many other legislative and regulatory matters in Washington, D.C., and in states across the country.

- Our efforts encompass federal and state government affairs activities including advocacy and lobbying on behalf of the profession.
- Our national PR campaign provides ongoing education for healthcare administrators, legislators, and the public about the invaluable contributions of CRNAs to the U.S. healthcare system.

CRNA-PAC

- The AANA Federal Government Affairs Department operates the largest Political Action Committee (PAC) in nursing. They advocate for our membership by reviewing numerous federal regulatory and legislative proposals affecting CRNAs.
- CRNA-PAC educates federal legislators about the value CRNAs bring to the healthcare system, advocates for policies that benefit the nurse anesthesia profession, and helps to elect/re-elect CRNA champions to the U.S. House and Senate.
- The AANA State Government Affairs Division reviews over 11,000 state legislative bills and regulatory proposals annually.
- AANA provides assistance to state associations for government relations programs and projects. This includes assistance with written and oral testimony, development of fact sheets, project strategy, and facilitating grassroots lobbying efforts.

AANA Foundation

Knowledge, integrity, excellence, and stewardship.

Established in 1981, the AANA Foundation is a charitable organization devoted to anesthesia research, education, and development. The Foundation serves as the philanthropic arm of the American Association of Nurse Anesthetists. The Foundation funds scholarships, doctoral fellowships, post-doctoral fellowships, research grants, health policy research, student “State of the Science” general and oral poster sessions, and doctoral mentorships. Each year the AANA Foundation presents the John F. Garde Researcher of the Year, Rita L. LeBlanc Philanthropist of the Year, Advocate of the Year, and Janice Drake CRNA Humanitarian of the Year Awards.

A Commitment to Research

One of the goals of the AANA Foundation is to support new and seasoned investigators in nurse anesthesia through grants, fellowships, and post-doctoral fellowships. Programs are designed to develop researchers in nurse anesthesia. The AANA Foundation sets a broad range of research objectives that includes the following areas:

- Healthcare Policy
- Science of Anesthesia
- Education Practice/Clinical
- Leadership

RISE Above—Research in Safety and Effectiveness

Research to validate and strengthen the nurse anesthesia profession is a requirement. The AANA Foundation’s campaign to RISE Above raises funds and supports research studies to advance the profession and improve patient safety. This will inform healthcare policy affecting patient care processes and patient/provider interactions. Ultimately, the research will educate the spectrum of healthcare stakeholders of the value and quality that CRNAs bring to their patients. Without this research, proving the value of CRNAs is difficult. We welcome you to join us as we RISE Above to further advance and protect your practice and our future.

AANA Annual Fund

Donations to the AANA Annual Fund Campaign directly support the nurse anesthesia profession by supporting CRNA and SRNA research and education.
