\*CARF = Commission on Accreditation of Rehabilitation Facilities; TJC = The Joint Commission

\*\*Call program for list of approved state board or nursing(s) or alternative to discipline program(s)?

AANA Strategic Alliance and Approved Treatment Programs list is compiled through an application process reviewing what treatment programs report for meeting the AANA criteria.<sup>1</sup> *This list does not imply endorsement or direct referrals, but instead is intended to help support your consideration of treatment programs for anesthesia professionals.*

### **<sup>1</sup>Criteria requirement levels:**

- **AANA Strategic Alliance Treatment Programs** meet AANA most desirable treatment criteria requirements *plus* offering value added Strategic Alliance criteria
- **AANA Approved Treatment Program** meet AANA most desirable treatment criteria requirements

| Criteria  | Approved | Strategic Alliance |
|---|----------|--------------------|
| 1. Healthcare professionals track (some programming integrated with general patient population).  | ✓        | ✓                  |
| 2. Inpatient or partial hospitalization with residential programming available.   | ✓        | ✓                  |
| 3. Minimum of 28-30 days followed by 30-60 days extended care of intensive outpatient treatment.  | ✓        | ✓                  |
| 4. Fully accredited and in good standings with The Joint Commission (TJC) or the Commission on Accreditation of Rehabilitation Facilities (CARF).   | ✓        | ✓                  |
| 5. Fully licensed by state to provide addiction services.   | ✓        | ✓                  |
| 6. Comprehensive evaluation and treatment recommendations by American Board of Addiction Medicine (ABAM) certified addiction medicine doctor committed to dual diagnosis evaluation and treatment of anesthesia professionals in abstinence-based recovery models in accordance with other safety sensitive occupations such as aviation, department of defense and department of transportation. | ✓        | ✓                  |
| 7. Appropriate neuropsychiatric and or psychometric testing   | ✓        | ✓                  |
| 8. Evaluation by an American Academy of Addiction Psychiatry (AAAP) board-certified addiction psychiatrist where appropriate.   | ✓        | ✓                  |
| 9. Experience in treating healthcare professionals, specifically anesthesia professionals   | ✓        | ✓                  |

|   |   |   |
|---|---|---|
| 10. Medically assisted detoxification when appropriate.   | ✓ | ✓ |
| 11. Long term 12-step model of abstinence-based recovery.   | ✓ | ✓ |
| 12. Fit for duty/return to work screening.  | ✓ | ✓ |
| 13. Family program and family support.  | ✓ | ✓ |
| 14. Approved by board of nursing in respective state(s).  | ✓ | ✓ |
| 15. Collaboration: <ul style="list-style-type: none"> <li>○ Point of contact at the program for acknowledgement of referred CRNAs/SRNAs entry and notice of completion of treatment.</li> <li>○ Connect CRNA post treatment with AANA Peer Assistance and <a href="#">AIR support group</a> for ongoing support.</li> <li>○ Agreed upon collection and sharing of treatment outcomes and demographic data related to CRNAs/SRNAs</li> </ul> | ✓ | ✓ |
| 16. Immediate employee intervention including a dedicated consequence mitigation team.  |   | ✓ |
| 17. Immediate treatment placement, 24/7, for all CRNAs/SRNAs requiring substance use disorder treatment.  |   | ✓ |
| 18. Dedicated advanced practice case manager well versed in CRNA/SRNA treatment requirements.   |   | ✓ |
| 19. Dedicated case manager to correspond and coordinate with employer, state board of nursing and alternative to discipline program regulatory, and law enforcement agencies. Coordination of resources including state alternative to discipline programs, aftercare support programs, and relapse prevention resources.   |   | ✓ |
| 20. Licensing advocacy with board of nursing, Office of Attorney General (OAG), National Council for Certification and Recertification of Nurse Anesthetists (NBCRNA), law enforcement and other vested entities.   |   | ✓ |
| 21. Assistance with short-term and long-term disability filing and paperwork.   |   | ✓ |
| 22. Assistance and allocation of resources for malpractice insurance to practice.   |   | ✓ |
| 23. A dedicated professional program for consideration of reentry to practice for CRNAs and SRNAs.  |   | ✓ |
| 24. Remote access to ongoing weekly CRNA/SRNA recovery support group, at no cost to CRNAs/SRNAs.  |   | ✓ |
| 25. Certified to diagnose, treat, and manage a dual diagnosis (substance use disorder and mental health)  |   | ✓ |
| 26. All therapists working with CRNAs/SRNA possess a minimum of a master's degree and have acquired and are in good standing with the Licensed Clinical Addiction Counselor (LCAC) and the Licensed Mental Health Counselor (LMHC) certifications.  |   | ✓ |
| 27. Family program and family support, no cost to families of CRNA's  |   | ✓ |
| 28. Financial assistance programs and scholarships available for AANA members to offset the cost of treatment.  |   | ✓ |

|   |  |   |
|---|--|---|
| 29. Through collaboration with the PAAC, programs contribute to the nurse anesthesia profession in terms of research, volunteerism, professional reentry, advocacy, publications, training, and/or public speaking. |  | ✓ |
| 30. Representative participates on PAAC meetings/calls as needed; attends the AANA Annual Congress for networking, education on the nurse anesthesia profession, and State Peer Advisors (SPA) training.            |  | ✓ |
| 31. Intensive out-patient program.  |  | ✓ |
| 32. Healthcare professionals' aftercare program.  |  | ✓ |

## Background:

The AANA has offered substance use disorder (SUD) related support to certified registered nurse anesthetist (CRNAs) and student registered nurse anesthetists (SRNAs) since 1983, a program which has grown into a robust network of State Peer Advisors (SPAs) facilitated by the Peer Assistance Advisors Committee (PAAC) and AANA staff. The AANA Peer Assistance Helpline ([800-654-5167](tel:800-654-5167)) provides a live answer confidential response 24/7 to CRNAs and SRNAs with concerns related to drugs or alcohol. The helpline is also available to CRNA/SRNA colleagues, friends, or coworkers with suspicion of drug diversion or impairment due to drugs/alcohol.

Helpline responses include empathetic support and listening to share resources and connections to help. Among the resources for drugs/alcohol related calls are:

- [Signs and Behaviors of Impairment/Drug Diversion](#)
- [Intervention Essentials](#)
- [Treatment Recommendations](#)
- [Approved Treatment Programs List](#) - The list will be following two levels of treatment programs meeting AANA criteria<sup>1</sup>

Treatment Providers: Please email [peerassistance@aana.com](mailto:peerassistance@aana.com) with any updates to the list or to request the application for consideration of approval to be included.
