

Disclaimer: Each vendor has reviewed their organization's information and provided confirmation of accuracy. Information included in this document was accurate at the time of posting, however, CMS cannot guarantee that these services will be available or that the vendor will be successful uploading their files during the submission period. CMS cannot guarantee an eligible clinician's success in providing data for the program. Successful submission is contingent upon following the MIPS program requirements, the timeliness, quality, and accuracy of the eligible clinicians', group's, and/or virtual group's data provided for reporting, and the timeliness, quality, and accuracy of the vendor. These requirements include that the QCORs provide performance category feedback at least four times a year for all MIPS eligible clinicians. Please note if a QCOR has virtual group specialty parameters, participation in the QCOR's virtual group will be limited to the indicated parameters.
