EDGE 2026 Poster Application

You must select "Save/Next" on the bottom of each page in order for your progress to be saved. Use the same browser and device, and do not clear your cache until after submission. You are required to keep a copy of your abstract contents for your records.

NEW: Applicants are required to submit an abstract only for review, not a general poster file. Download the abstract template here. All categories qualify for general poster presentation (and oral presentation at Annual Congress only). We do not accept literature reviews; be sure to review the definition in the abstract template above. Poster Sessions are conducted in person so no "virtual only" presentation option is available. You will present your poster onsite as well as virtually. When poster award announcements are made, more meeting details will be provided. NOTE: All uploaded attachments must be named using the following format: LastName_FirstName_DescriptiveFileName (i.e., Doe_John_IRBDocument)

* 1. Instructions Attestation: Please review these instructions before you begin your application.

　◯ I affirm I have read the instructions in the link above and will de-identify information where instructed.

* 2. Questions Attestation: Please review these qualifying questions before you choose a category.

　◯ I affirm I have read the qualifying category questions in the link above.

* 3. Principal Presenter's Contact Information:

Each poster must have a unique presenter & e-mail address. We will only communicate with the principal presenter of each poster. Only one poster submission is allowed per presenter. Exception: One presenter can present two posters if they are related to the same subject matter & fall into the same category ***and*** subcategory. Credentials tip: Include only military rank, licenses, & highest degree achieved. Do not include punctuation within credentials. Do not include SRNA, RRNA or RNAS. Review the credentialing guidelines here. If a party is not an AANA member, please indicate 000 in the AANA ID number field.

Research (Quantitative or Qualitative)

You must keep a copy of your submitted abstract. If you are pasting text from a word processing program such as Microsoft Word, please first paste the text into a plain text editor such as Microsoft Notepad or TextEdit to strip out unnecessary

formatting. Please include the information indicated below and note the maximum characters (not words) allowed for each text box. The character maximums include spaces. When using an acronym for the first time, it must be spelled out. Do not use bullets or lists; you must use complete sentences. DO NOT include any identifying information within the fields below (i.e., names, affiliation, etc.) as it will be sent for blind review.

Research uses the scientific process to generate new knowledge and evidence about a subject using methodology including measurements of variables, collection and statistical analysis of data and conclusions based on results of the study.

* 24. Research Introduction

- 875 characters (including spaces) or less
- Does the title reflect the research project?
- Is the significance of the problem and/or phenomena as evidenced in the literature clearly described?
- Is the need for the study clearly demonstrated?
- Is the Research Question clearly stated and aligned with title/background (Quantitative Research) or Is the Theoretical Framework appropriate to inform study (Qualitative Research)?

```
[                                              ]
```

* 25. Research Methods

- 1050 characters (including spaces) or less
- Is Protection of Live/Animal Subjects addressed adequately and is a statement regarding IRB/IACUC approval/exemption included?
- Is the Research Design appropriate and logically consistent for research question(s) posed? (Qualitative Research/Quantitative Research)
- Are the sample, setting and data collection clearly described and consistent with methodological approach including instruments/specific methods? (Qualitative Research/Quantitative Research)
- Is the data analysis clearly described and consistent with research design and methodological approach?

```

```

* 26. Research Results

- 1050 characters (including spaces) or less
- Are the results reported in a clear, concise and accurate manner?
- Are the results aligned with the research design, purpose, goals?
- Does the statistical (Quantitative Research) or thematic (Qualitative Research) analysis support the results and is the interpretation of results sound?
- Are reliability and validity addressed (Quantitative Research) or is trustworthiness addressed (Qualitative Research)?

```
```

* 27. Research Discussion

- 1400 characters (including spaces) or less
- Are the discussion and conclusion supported by the results?
- Are implications and recommendations for practice discussed?
- Are study limitations discussed adequately?
- Are suggestions for future research included?

Evidence Based Practice or Quality Improvement

You must keep a copy of your submitted abstract. If you are pasting text from a word processing program such as Microsoft Word, please first paste the text into a plain text editor such as Microsoft Notepad or TextEdit to strip out unnecessary formatting. Please include the information indicated below and note the maximum characters (not words) allowed for each text box. The character maximums include spaces. When using an acronym for the first time, it must be spelled out. Do not use bullets or lists; you must use complete sentences. DO NOT include any identifying information within the fields below (i.e., names, affiliation, etc.) as it will be sent for blind review.

Evidence Based Practice (EBP)
Evidence based practice uses the best evidence from published research studies and combines it with clinical expertise to guide clinical practice resulting in the best patient outcomes.
Quality Improvement (QI)
Quality improvement is a data-driven strategy to improve processes, costs, productivity, and outcomes within an organization based on evidence from the literature. The focus is on the current structure within the institution that needs to be changed.

<u>PLEASE NOTE:</u> A literature review ONLY will not be accepted. A literature review is a review and synthesis of existing published literature on a specific topic or research

question. For an EBP or QI project that does not include implementation, there must be a plan for project implementation and analysis articulated in the methods section.

* 28. EBP/QI Introduction

- 875 characters (including spaces) or less
- Does the title reflect the project?
- Are the project purpose and goals clearly defined?
- Is the significance of a healthcare problem well established?
- Is the significance of the problem supported by evidence from the literature?

[   ]

* 29. EBP/QI Methods

- 1050 characters (including spaces) or less
- Are research ethics adequately addressed such as protection of live subjects and is a statement regarding IRB/IACUC determination or exemption included? Is the methodology clearly described?
- Is an implementation **plan** or process described?
- Is a **plan** for data analysis and/or evaluation described?

[   ]

* 30. Has your project been implemented or is there a plan to implement your project?

○ Yes, it has been implemented.

○ No, it has not been implemented but there is a well-articulated plan to implement. (By selecting this option, you will skip the results section of the abstract.)

○ No, it has not been implemented nor is there a plan to implement. (Incomplete submissions are not accepted. Application ends.)

EDGE 2026 Poster Application

* 31. EBP/QI Results (Only applies if project is implemented)

- 1400 characters (including spaces) or less
- Are the results reported in a clear and concise manner?
- Are the results aligned with the project initiative purpose/goals?
- Does the data analysis support results?
- Is the interpretation of the results sound?

[   ]

* 32. EBP/QI Discussion

- 1050 characters (including spaces) or less
- Are the discussion and conclusion supported by the results? (N/A if not implemented)
- Are the implications and recommendations for clinical practice discussed?
- Are the project initiative limitations discussed adequately?

Case Study or Innovation

You must keep a copy of your submitted abstract. If you are pasting text from a word processing program such as Microsoft Word, please first paste the text into a plain text editor such as Microsoft Notepad or TextEdit to strip out unnecessary formatting. Please include the information indicated below and note the maximum characters (not words) allowed for each text box. The character maximums include spaces. When using an acronym for the first time, it must be spelled out. Do not use bullets or lists; you must use complete sentences. DO NOT include any identifying information within the fields below (i.e., names, affiliation, etc.) as it will be sent for blind review.

Case study

A case study describes an unusual, complicated or novel case of the symptoms, signs, diagnosis, treatment, and follow-up of an individual patient and includes the relevant literature on the topic.

Innovation

An innovation project describes a *new invention* of a product or process that demonstrates adherence to scholarly standards and practices with proof of concept backed by evidence from the literature which may include pilot studies.

* 33. Innovation Attestation: "Abstracts, posters, and presentations are not to request funding, or be a means of advertisement to sell a product. Acceptance for presentation at the "State of the Science" Poster Session does not indicate endorsement or funding of the innovation by the AANA Foundation."

○ Innovation application: Yes, I affirm this statement.

○ Case Study application: This statement does not apply to my application.

* 34. Case Study or Innovation Introduction

- 1050 characters (including spaces) or less
- Does the Title reflect the project?
- Is the focus of the case/innovation clearly described?
- Is the relevant etiology, epidemiology presented (Case Study) or Is the problem and aim of the innovation described (Innovation)?
- Are unique features of the case/innovation included?

[   ]

* 35. Case Study or Innovation Presentation

- 1600 characters (including spaces) or less
- Has appropriate approval been obtained such as facility approval or IRB/IACUC determination and is a statement included?
- Is relevant patient history provided (Case Study) or Is the innovation described (Innovation)?
- Are research ethics adequately addressed?
- Is the perianesthesia/analgesia course described (Case Study) or Is the innovation utilization described? (Innovation)
- Is Data Analysis and/or an Evaluation Plan described? (Innovation only)

[   ]

* 36. Case Study or Innovation Discussion

- 1750 characters (including spaces) or less
- Is a detailed description of the outcomes of the case or innovation provided?
- Are detailed and appropriate conclusions for the case study or innovation discussed?
- Is an evidenced-based plan of care described (Case Study)? Does the literature support the innovation design and implementation? (Innovation)?
- Are Implications and recommendations for clinical practice and/or the anesthesia profession discussed?

Final Agreement Form

I am submitting my application for the General Poster Session at 2026 EDGE. Only my abstract is required upon submission. All categories qualify for general poster presentation. I will present my poster onsite and virtually (no virtual only option is available). When poster award announcements are made, more meeting details will be provided.

* 37. Research Subjects. I have satisfied the requirements for my institution (or the institution where the research was conducted) regarding the use of human/animal subjects in research. My research subjects are:

○ Human

○ Animal

○ Human and Animal

○ Evidence-based (Does not apply)

Attestation: I attest that I agree to the following:

A. I authorize the AANA Foundation to publicize my abstract on the AANA Foundation website.

B. I authorize the AANA Foundation to print my abstract on the AANA Foundation website. I understand that submitting my abstract does not guarantee publication in AANA Foundation or AANA publications.

C. I understand poster presenters are responsible for all expenses to attend the meeting including registration to the meeting. I will not be able to attend the poster session or display my poster unless I am registered for the meeting.

D. I understand that the above abstract has been submitted for the 2026 EDGE meeting. Any additional details regarding research may be obtained directly from the author during "State of the Science" Poster Session exhibit hours. The AANA and AANA Foundation are not responsible for the integrity of the research findings.

E. I understand the decision of the AANA Foundation Board of Trustees will be final.

F. I understand I must present my poster in person and virtually, unless directed otherwise.

G. I have retained a copy of my abstract contents for my own records.
