

RESEARCH SCORING RUBRIC (Qualitative and Quantitative)					
	Character count maximum (with spaces)	Criteria	YES (1 point)	No (0 points)	Reviewer comments (*Required for "no" responses)
Overall		Is this abstract worthy of acceptance? If no, and if there is a critical flaw or weakness that would preclude the abstract from being accepted (e.g., inaccurate, incomplete, literature review only), please make note and explain. You must still score the remainder of the abstract. A literature review ONLY will not be accepted. A literature review is a review and synthesis of existing published literature on a specific topic or research question.			
Purpose/Question	290 characters (including spaces) or less; 45 words	Does the title reflect the research project?			
		Is the significance of the problem and/or phenomena as evidenced in the literature review clearly described?			
		Is the need for the study clearly demonstrated?			
		Is the Research Question clearly stated and aligned with title/background (Quantitative Research) or Is the Theoretical Framework appropriate to inform study (Qualitative Research)?			
Methods	600 characters (including spaces) or less; 100 words	Is Protection of Live/Animal Subjects addressed adequately and is a statement regarding IRB/ACUC approval/exemption included? (<i>Note: this is provided separately in the submission outside of abstract text</i>)			
		Is the Research Design appropriate and logically consistent for research question(s) posed? (Qualitative Research/Quantitative Research)			
		Are the sample, setting and data collection clearly described and consistent with methodological approach including instruments/specific methods? (Qualitative Research/Quantitative Research)			
		Is the data analysis clearly described and consistent with research design and methodological approach?			
Results	700 characters (including spaces) or less; 110 words	Are the results reported in clear, concise and accurate manner?			
		Are the results aligned with the research design, purpose, goals?			
		Does the statistical (Quantitative Research) or thematic (Qualitative Research) analysis support the results and is the interpretation of results sound?			
		Are reliability and validity addressed (Quantitative Research) or is trustworthiness addressed (Qualitative Research)?			
Implications/Conclusion	400 characters (including spaces) or less; 70 words	Are the discussion and conclusion supported by the results?			
		Are implications and recommendations for practice discussed?			
		Are study limitations discussed adequately?			
		Are suggestions for future research included?			
Writing Style & Format		Are guidelines followed?			
		Is AMA format correct?			
		Is correct grammar, punctuation and sentence structure used?			
		Is the abstract logical and well organized?
