Part 6—Intraoperative magnetic resonance imaging for neurosurgical procedures: anesthetic implications, 71; Part 1—Anesthesia case management for bariatric surgery, 147; Part 2—Radiation safety for anesthesia providers, 257; Part 3—Sorting through the confusion: adverse cognitive change after surgery in adults, 335; Part 4—The physiology of the nicotinic acetylcholine receptor and its importance in the administration of anesthesia, 433; Part 5—Complex regional pain syndrome: a review of diagnostics, pathophysiologic mechanisms, and treatment implications for Certified Registered Nurse Anesthetists, 505

Abdominal insufflation
Carbon dioxide embolism during pneumoperitoneum for laparoscopic surgery: a case report, 371 [correction, 455]
Abnormality of vertebrae, anus, cardiovascular system, trachea, esophagus, renal system, and limb buds (VACTERL)
Caudal regression syndrome: a case report, 281

Abortion
Carbon dioxide embolism during pneumoperitoneum for laparoscopic surgery: a case report, 371 [correction, 455]

Abuse
Workplace aggression: assessment of prevalence in the field of nurse anesthesia, 551

Academic progression
Predicting academic progression for student registered nurse anesthetists, 193

Access to care see Guest Editorial, 101

Accountability
Advancing recertification for nurse anesthetists in an environment of increased accountability, 413

Accuracy of fingerbreadth measurements for thyromental distance estimates: a brief report, 15

Acidemia, propionic
A child with propionic acidemia undergoing dental restorations: a case report, 293

Accreditation
List of recognized educational programs by Council on Accreditation of Nurse Anesthesia Educational Programs, 511

Admission selection criteria
Predicting academic progression for student registered nurse anesthetists, 193

Adolescent
Use of dexmedetomidine for monitored anesthesia care for diskography in adolescents, 421

Advanced cardiac life support resuscitation
Combined lipid emulsion and ACLS resuscitation following bupivacaine- and hypoxia-induced cardiovascular collapse in unanesthetized swine, 129
Advancing recertification for nurse anesthetists in an environment of increased accountability, 413

Aggression
Workplace aggression: assessment of prevalence in the field of nurse anesthesia, 551

Airway assessment
Accuracy of fingerbreadth measurements for thyromental distance estimates: a brief report, 15; Letters, 280

Aker J see Biddle C

ALK (as low as reasonably achievable) see AANA Journal Course, Part 2, 257

Alport syndrome
Renal transplantation from an unrelated living donor to a malignant hyperthermia-susceptible patient: a case report, 397

Analgesia
Evaluation of the anxiolytic properties of tetrahydropalmatine (THP), a Corydalis yanhusuo compound, in the male Sprague-Dawley rat, 575; Intrathecal hydromorphone for cesarean delivery: in search of improved postoperative pain management: a case report, 427; AANA Journal Course, Part 5, 505

Anemia
The influence of perioperative care and treatment on the 4-month outcome in elderly patients with hip fracture, 51

Anesthesia considerations in a patient with McArdle disease: a case report, 243

Anesthetic considerations for patients with postpolio syndrome: a case report, 408

Anesthetic delivery systems
Size effect on delivered versus calculated dosages of propofol; a bench experiment using the Baxter InfusOR syringe pump, 287; Letters, 454

Anesthetic implications, intraoperative magnetic resonance imaging see AANA Journal Course, Part 6, 71

Anesthetic management of delayed pressure urticaria: a case report, 106

Anesthetic management of a patient undergoing an ex utero intrapartum treatment (EXIT) procedure: a case report, 497

Anesthetic technique
The influence of perioperative care and treatment on the 4-month outcome in elderly patients with hip fracture, 51

Anesthetic technique, nontriggering (malignant hyperthermia)
Renal transplantation from an unrelated living donor to a malignant hyperthermia–susceptible patient: a case report, 397

Anesthetic technique, obesity see AANA Journal Course, Part 1, 147

Anesthetic technique, total intravenous
Prevention of emergence agitation in seven children receiving low-dose ketamine and propofol total intravenous anesthesia, 238; Renal transplantation from an unrelated living donor to a malignant hyperthermia–susceptible patient: a case report, 397; see Letters, 89

Anghelescu DL, Rakes LC, Shearer JR, Bikhazi GB: Prevention of emergence agitation in seven children receiving low-dose ketamine and propofol total intravenous anesthesia, 238

Angioedema
Anesthetic management of delayed pressure urticaria: a case report, 106

Animal models
Evaluation of the anxiolytic properties of myristicin, a component of nutmeg, in the male Sprague-Dawley rat, 109; Combined lipid emulsion and ACLS resuscitation following bupivacaine- and hypoxia-induced cardiovascular collapse in unanesthetized swine, 129; Evaluation of the anxiolytic properties of tetrahydropalmatine (THP), a Corydalis yanhusuo compound, in the male Sprague-Dawley rat, 575; Investigation of the anti-inflammatory, antinoci-
ceptive effect of ellagic acid as measured by digital paw pressure via the Randall-Selitto meter in male Sprague-Dawley rats, S28; Effects of immobilization stress and hormonal treatment on nociception, 375; Letters, 453

Antiepileptic drugs

Recurrent seizures in pregnancy—epilepsy or eclampsia: a diagnostic dilemma? A case report, 388; Intrapartum seizure in a patient undergoing cesarean delivery: differential diagnosis and causative factors, 403

Anti-inflammatory

Investigation of the anti-inflammatory, antinociceptive effect of ellagic acid as measured by digital paw pressure via the Randall-Selitto meter in male Sprague-Dawley rats, S28

Antinociceptive

Investigation of the anti-inflammatory, antinociceptive effect of ellagic acid as measured by digital paw pressure via the Randall-Selitto meter in male Sprague-Dawley rats, S28

Anxiety

Dexamethasone as a pediatric anesthetic premedication to reduce anxiety and to deter emergence delirium, 219; Perioperative music and its effects on anxiety, hemodynamics, and pain in women undergoing mastectomy, S21

Anxiolysis

Evaluation of the anxiolytic properties of myristicin, a component of nutmeg, in the male Sprague-Dawley rat, 109; Perioperative music and its effects on anxiety, hemodynamics, and pain in women undergoing mastectomy, S21; Evaluation of the anxiolytic properties of tetrahydropalmatine (THP), a Corydalis yanhusuo compound, in the male Sprague-Dawley rat, S75; Use of dexmedetomidine for monitored anesthesia care for diskography in adolescents, 421

Apnea

Prolonged neuromuscular block in a 74-year-old patient, 317

Approval, educational programs see Guest Editorial, 12

Aquaporin-2

Polyuria with sevoflurane administration: a case report, 47

Aromatherapy

Propylactic isopropyl alcohol inhalation and intravenous ondansetron versus ondansetron alone in the prevention of postoperative nausea and vomiting in high-risk patients, S69

Arterial access

Ultrasound guidance in anesthesia, 209 [correction, 455]

Aspiration risk

Anesthetic considerations for patients with postpolio syndrome: a case report, 408

Asthma

Bronchial thermoplasty: a novel treatment for severe asthma requiring monitored anesthesia care, 480

Attitudes

Knowledge of palliative and end-of-life care by student registered nurse anesthetists, S15

Attrition

Predicting academic progression for student registered nurse anesthetists, 193

Auld VH see Bushey BA

Automaticity

Predictors of situation awareness in student registered nurse anesthetists, 484

Autonomic neuropathy

Diabetic cardiac autonomic neuropathy and anesthetic management: review of the literature, 473

Autosomal recessive disease

A child with propionic acidemia undergoing dental restorations: a case report, 295

Awareness

Predictors of situation awareness in student registered nurse anesthetists, 484

B

Balloon catheter see Letters, 9

Banek RB see Williams M

Barber MK see Beck RM

Bariatric surgery see AANA Journal Course, Part 1, 147

Bordi S see AANA Journal Course, Part 1, 147

Boutraux L see Branch A

Bowen K see Spence D

Boyd GL see Binns-Turner PG

Boytime M see AANA Journal Course, Part 1, 147

Brain injury, traumatic

Intrapartum seizure in a patient undergoing cesarean delivery: differential diagnosis and causative factors, 403

Branch A, Rafacz J, Boutraux L: Prolonged neuromuscular block in a 74-year-old patient, 317

Breakwell S see Callahan MF

Breast cancer

Perioperative music and its effects on anxiety, hemodynamics, and pain in women undergoing mastectomy, S21

Brennen K see Letters, 89

"Broken heart syndrome"

Early postoperative Takotsubo cardiomyopathy: a case report, 181

Bronchial thermoplasty: a novel treatment for severe asthma requiring monitored anesthesia care, 480

Brown M-A see Kaplan L

Brown-Mahoney C see Meuesen VCH

Bupivacaine

Combined lipid emulsion and ACLS resuscitation following bupivacaine- and hypoxia-induced cardiovascular collapse in unanesthetized swine, 129; A comparison of the pain perceived during intravenous catheter insertion after injection with various local anesthetics, S58; Letters, 453

Burnout

Moral distress in Certified Registered Nurse Anesthetists: implications for nursing practice, 39; Work climate related to job satisfaction among Dutch nurse anesthetists, 63; Stress and burnout in nurse anesthesia, 122

Burns SM: Predicting academic progression for student registered nurse anesthetists, 193

Bushey B see Radford KD

Bushey BA, Auld VH, Volk JE, Vacciano CA: Combined lipid emulsion and ACLS resuscitation following bupivacaine- and hypoxia-induced cardiovascular collapse in unanesthetized swine, 129

Bushey BA see Letters, 453

Calcium see AANA Journal Course, Part 4, 433

Callahan MF, Breakwell S, Suhayda R: Knowledge of palliative and end-of-life care by student registered nurse anesthetists, S15

Carbon dioxide embolism during pneumoperitoneum for laparoscopic surgery: a case report, 371 [correction, 455]
Cardiac autonomic neuropathy
Diabetic cardiac autonomic neuropathy and anesthetic management: review of the literature, 473
Cardiomyopathy
Early postoperative Takotsubo cardiomyopathy: a case report, 181; Severe preeclampsia, pulmonary edema, and peripartum cardiomyopathy in a primigravida patient, 249
Cardiovascular abnormalities
A child with propionic acidemia undergoing dental restorations: a case report, 295
Cardiovascular anomalies
Caudal regression syndrome: a case report, 281
Cardiovascular collapse
Combined lipid emulsion and ACLS resuscitation following bupivacaine- and hypoxia-induced cardiovascular collapse in unaesthetized swine, 129; Letters, 453
Case report: Management of elective cesarean delivery in the presence of placenta previa and placenta accreta, 9
Caudal regression syndrome: a case report, 281
Cell membrane see AANA Journal Course, Part 4, 433
Central line insertion
Ultrasound guidance in anesthesia, 209 [correction, 455]
Central nervous system
Neuroimmune activation and chronic pain, 31; AANA Journal Course, Part 4, 433
Central sensitization
Perioperative administration of gabapentin for shoulder arthroscopy: a prospective, randomized, double-blind, placebo-controlled study, S43; AANA Journal Course, Part 5, 505
Cerebral circulatory autoregulation
Implications for postoperative visual loss: steep Trendelenburg position and effects on intraocular pressure, 115
Cerebelum TE see Henkes H; Leiter E
Certification
Advancing recertification for nurse anesthetists in an environment of increased accountability, 413
Cesarean delivery
Severe preeclampsia, pulmonary edema, and peripartum cardiomyopathy in a primigravida patient, 249; Intrapartum seizure in a patient undergoing cesarean delivery: differential diagnosis and causative factors, 403; Intrathecal hydromorphone for cesarean delivery: in search of improved postoperative pain management: a case report, 427; Letters, 9
A child with propionic acidemia undergoing dental restorations: a case report, 295
Chipsa A, McKenna D: Stress and burnout in nurse anesthesia, 122
Chloroprocaine
A comparison of the pain perceived during intravenous catheter insertion after injection with various local anesthetics, S58
Choleva AJ: Anesthesia considerations in a patient with McArdle disease: a case report, 243
Choleva AJ: Anesthetic management of a patient undergoing an ex utero intrapartum treatment (EXIT) procedure: a case report, 497
Congruence of perceived effective clinical teaching characteristics between students and preceptors of nurse anesthesia programs, S62
Conscious sedation
Size effect on delivered versus calculated dosages of propofol: a bench experiment using the Baxter InfusOR syringe pump, 287
Continuing competence
Advancing recertification for nurse anesthetists in an environment of increased accountability, 413
Continuing education
Model for a reproducible curriculum infrastructure to provide international nurse anesthesia continuing education, 491
Controlled substances
CRNA prescribing practices: the Washington State experience, 24 [correction, 235]
Coping mechanisms
Stress and burnout in nurse anesthesia, 122
Corrections
CRNA prescribing practices: the Washington State experience, 235; Ultrasound guidance in anesthesia, 455; Effect of epidural normal saline bolus prior to catheter removal on parturient sensory and motor function recovery: a pilot study, 455; Carbon dioxide embolism during pneumoperitoneum for laparoscopic surgery: a case report, 455
Corydalis yanhusuo
Evaluation of the anxiolytic properties of tetrahydropalmatine (THP), a Corydalis yanhusuo compound, in the male Sprague-Dawley rat, S75
Cost factors see Guest Editorial, 101
Council on Accreditation
List of recognized educational programs by Council on Accreditation of Nurse Anesthesia Educational Programs, S11
Cramolini M see Mountain BW
Credentialing
Advancing recertification for nurse anesthetists in an environment of increased accountability, 413; see Imagining in Time, 459
CRNA authority
CRNA prescribing practices: the Washington State experience, 24 [correction, 235]
CRNA practice
Moral distress in Certified Registered Nurse Anesthetists: implications for nursing practice, 39; Faculty discernment of student registered nurse anesthetist’s personality characteristics that contribute to safe and unsafe nurse anesthesia practice: metrics of excellence, 227; Guest Editorial, 101
CRNA prescribing practices: the Washington State experience, 24
Renal transplantation from an unrelated living donor to a malignant hyperthermia–susceptible patient: a case report, 397

Engoren M see Beck RM

Environment

Environmental and financial impact of a hospital recycling program, S8; Predictors of situaton awareness in student registered nurse anesthetists, 484

Environmental and financial impact of a hospital recycling program, S8

Environmental tobacco smoke exposure

Pediatric respiratory complication after general anesthesia with exposure to environmental tobacco smoke in the home: a case report, 20

Epidural analgesia

Effect of epidural normal saline bolus prior to catheter removal on parturient sensory and motor function recovery: a pilot study, 305 [correction, 453]

Epidural catheter obstruction see Letters, 367

Epidural catheter insertion

Ultrasound guidance in anesthesia, 209 [correction, 455]

Epilepsy

Recurrent seizures in pregnancy—epilepsy or eclampsia: a diagnostic dilemma? A case report, 388

Estes D see Sakellariopoulos A

Estradiol

Effects of immobilization stress and hormonal treatment on nociception, 375

Estrogen receptor agonists

Effects of immobilization stress and hormonal treatment on nociception, 375

Ethical issues

Moral distress in Certified Registered Nurse Anesthetists: implications for nursing practice, 99; Size effect on delivered versus calculated dosages of propofol: a bench experiment using the Baxter InfusOR syringe pump, 287; Peering into peer review: Galileo, ESP, Dr. Scott Reuben, and advancing our professional evolution, 365; Letters, 453

Evaluation of the anxiolytic properties of myristicin, a component of nutmeg, in the male Sprague-Dawley rat, 109

Evaluation of the anxiolytic properties of tetrahydropalmatine (THP), a Corydalis yanhusuo compound, in the male Sprague-Dawley rat, S75

Evidence-based practice see Guest Editorial, 84

Excellence

Faculty discernment of student registered nurse anesthetist’s personality characteristics that contribute to safe and unsafe nurse anesthesia practice: metrics of excellence, 227

EXIT (ex utero intrapartum treatment) procedure

Anesthetic management of a patient undergoing an ex utero intrapartum treatment (EXIT) procedure: a case report, 497

Faculty

Faculty discernment of student registered nurse anesthetist’s personality characteristics that contribute to safe and unsafe nurse anesthesia practice: metrics of excellence, 227

Faculty characteristics

Fatal outcome

The influence of perioperative care and treatment on the 4-month outcome in elderly patients with hip fracture, 51

Fatigue

The national study of sleep-related behaviors of nurse anesthetists: personal and professional implications, 324

Ferrell C see Letters, 280

Fetal airway management

Anesthetic management of a patient undergoing an ex utero intrapartum treatment (EXIT) procedure: a case report, 497

Fetal cystic hygroma

Anesthetic management of a patient undergoing an ex utero intrapartum treatment (EXIT) procedure: a case report, 497

Fetal-placental circulation

Anesthetic management of a patient undergoing an ex utero intrapartum treatment (EXIT) procedure: a case report, 497

Fetuses

Severe preeclampsia, pulmonary edema, and peripartum cardiomyopathy in a primigravida patient, 249; Recurrent seizures in pregnancy—epilepsy or eclampsia: a diagnostic dilemma? A case report, 388

Financial analysis

Environmental and financial impact of a hospital recycling program, S8

Fingerbreadth measurements

Accuracy of fingerbreadth measurements for thyromental distance estimates: a brief report, 15; Letters, 280

Flumazenil

Evaluation of the anxiolytic properties of myristicin, a component of nutmeg, in the male Sprague-Dawley rat, 109

Franz M Henkes H

Fuller TN see Radford KD

G

Gaba
gapentin

Perioperative administration of gabapentin for shoulder arthroscopy: a prospective, randomized, double-blind, placebo-controlled study, S43

Gabot M see Letters, 9

γ-Aminobutyric acid receptor

Evaluation of the anxiolytic properties of myristicin, a component of nutmeg, in the male Sprague-Dawley rat, 109; Evaluation of the anxiolytic properties of tetrahydropalmatine (THP), a Corydalis yanhusuo compound, in the male Sprague-Dawley rat, S75

Garg R see Pandey R

Garrett N see Gainok J

Gastric banding see Gastric bypass see AANA Journal Course, Part 1, 147

Gastric bypass see AANA Journal Course, Part 1, 147

Gastrointestinal abnormalities

A child with propionic acidemia undergoing dental restorations: a case report, 295

Gastrointestinal anomalies

Caudal regression syndrome: a case report, 281

Gene therapy

Neuroimmune activation and chronic pain, 31

Glenn LL see Letters, 280

Globalization

Model for a reproducible curriculum infrastructure to provide international nurse anesthesia continuing education, 491; Guest Editorial, 12

Glycogen storage disease, type V

Anesthesia considerations in a patient with McArdle disease: a case report, 243

Glycolysis, anaerobic

Anesthesia considerations in a patient with McArdle disease: a case report, 243

Godwin S see Leiter E
