The following is an index of the major topics addressed in the AANA Journal during 2002. The index is alphabetized according to headings, and entries appear in chronological order within the headings. Author and subject indexes are integrated.

A

AANA Journal Course No. 21 Examination Information—Update for nurse anesthetists, 139
AANA Journal Course No. 21 Examination—Update for nurse anesthetists (answer form), 140
AANA Journal Course No. 21 Examination—Update for nurse anesthetists (examination questions), 144
AANA Journal Course No. 21–2002 Evaluation Form, 141
AANA Journal Course No. 21—Update for nurse anesthetists (examination answers), 313
AANA Journal Course Part 6—A pathway toward safer anesthesia: Stereochemical advances, 63; Part 1—Perioperative considerations in major orthopedic trauma: Pelvic and long bone fractures, 131; Part 2—A common sense approach to hypothermia, 227; Part 3—Etiology, mechanisms, and anesthesia implications of autoimmune myasthenia gravis, 301; Part 4—Functional residual capacity: The human windbag, 399; Part 5—Gender and pain, 475
Accreditation
Council on Accreditation of Nurse Anesthesia educational programs to be reviewed during fiscal year 2003, 62; see Education News, 177 [author’s clarification, 264]; see Education News, 263; see Education News, 353
Acetylcholine receptor
see AANA Journal Course, Part 3, 301
Acinetobacter
Microbial growth on the anesthesia machine, 53
Acosta FJ see Faas CL
Acute fatty liver of pregnancy
Acute fatty liver of pregnancy: A case report, 215
Addiction
Prevalence of and reasons for preoperative tobacco use, 33
Adverse events and outcomes

The AANA Foundation Closed Malpractice Claims Study: Obstetric anesthesia, 97; A synthesis of the Australian Patient Safety Foundation Anesthesia Incident Monitoring Study, the American Society of Anesthesiologists Closed Claims Project, and the American Association of Nurse Anesthetists Closed Claims Study, 193; A study of clinical decision making by Certified Registered Nurse Anesthetists, 391

Airway edema
Chronic gastroesophageal reflux disease and its effect on laryngeal visualization and intubation: A case report, 373

Airway management
Use of the Bullard laryngoscope in the adult patient with epiglottitis: A case report, 127; Use of the Cook airway exchange catheter in “bridging” the potentially difficult extubation: A case report, 275; Chronic gastroesophageal reflux disease and its effect on laryngeal visualization and intubation: A case report, 373

Alternative medicine
Herbal medicines and possible anesthesia interactions, 47; A follow-up survey of the use of complementary and alternative medicines by surgical patients, 119 [author’s clarification, 169]; see Letters, 169

Alveolar architecture
see AANA Journal Course, Part 4, 399

Analgesia
The morphine-sparing effect of metoclopramide on postoperative laparoscopic tubal ligation patients, 27; Meta-analysis of the effectiveness of nonsteroidal anti-inflammatory drugs in a standardized pain model, 111; Use of a simple forearm tourniquet as an adjunct to an intravenous regional block, 295

Anesthesia machine
Microbial growth on the anesthesia machine, 53

Anesthesia risk
The AANA Foundation Closed Malpractice Claims Study: Obstetric anesthesia, 97; A synthesis of the Australian Patient Safety Foundation Anesthesia Incident Monitoring Study, the American Society of Anesthesiologists Closed Claims Project, and the...
American Association of Nurse Anesthetists Closed Claims Study, 193

Anesthesia simulators
Assessing the authenticity of the human simulation experience in anesthesiology, 470

Anesthetic technique
Continuous spinal anesthesia for cesarean section for a morbidly obese parturient patient: A case report, 189; Assessment of postanesthesia short-term quality of life: A pilot study, 267; see Letters, 343

Antibody
see AANA Journal Course, Part 3, 301

Antihistamines
see Letters, 343

Apnea
see AANA Journal Course, Part 4, 399

Arrhythmias
see Letters, 343

Assessment
Living related kidney transplantation in a 15-year-old patient with type I hyperoxaluria: A case report, 107

Atelectasis
see AANA Journal Course, Part 4, 399

Authenticity
Assessing the authenticity of the human simulation experience in anesthesiology, 470

Autoimmune disease
see AANA Journal Course, Part 3, 301

Bacillus
Microbial growth on the anesthesia machine, 53

Back pain
The effect of spinal introducer needle use on postoperative back pain, 449

Bacteriology
Microbial growth on the anesthesia machine, 53

Barriers
see Guest Editorial, 435

Bias
see AANA Journal Course, Part 5, 475

Biddle C see Petty WC, Hotchkiss MA

Biddle C: Meta-analysis of the effectiveness of nonsteroidal anti-inflammatory drugs in a standardized pain model, 111

Biegner AR see Ward RC

Bier block
Use of a simple forearm tourniquet as an adjunct to an intravenous regional block, 295

Bispectral index
Is there postoperative evidence of implicit learning following aural stimuli at moderate hypnotic BIS levels during general anesthesia? 205

Blankets, forced-air warming
see Letters, 89

Blumenreich GA see Legal Briefs, 9; 93; 171; 257; 347

Boerhaave syndrome
Boerhaave syndrome: A case report, 289

Books and Multimedia of Interest
Ether Day: The Strange Tale of America's Greatest Medical Discovery and the Haunted Man Who Made It, 115

Boulette E see Spence D

Bowers PR see Maslyk PA

Bruton-Maree N see Guest Editorial, 435

Bullard laryngoscope
Use of the Bullard laryngoscope in the adult patient with epiglottitis: A case report, 127

Burns SM see Maslyk PA

C

Caffeine
Herbal medicines and possible anesthesia interactions, 47

Cain BS see Shannon-Cain J

Campbell MDR see Faas CL

Carboxyhemoglobin
Prevalence of and reasons for preoperative tobacco use, 33

Cassingham R see Haas RE

Cataract extraction
Safety in the use of compressed air versus oxygen for the ophthalmic patient, 41

Cemugua TE see AANA Journal Course, Part 3, 301

Cesarean section
Continuous spinal anesthesia for cesarean section for a morbidly obese parturient patient: A case report, 189; see Letters, 343

Charting
see Legal Briefs, 257

Chiral systems
see AANA Journal Course, Part 6, 63

Ciancione J see Weir JW

Cleary DT see Worrell JB

Clinical decisions
A study of clinical decision making by Certified
Registered Nurse Anesthetists, 391
Clinical human trials
   The process of evaluating and regulating a new
drug: Phases of a drug study, 385
Closed claims
   The AANA Foundation Closed Malpractice Claims
Study: Obstetric anesthesia, 97; A synthesis of the
Australian Patient Safety Foundation Anesthesia
Incident Monitoring Study, the American Society of
Anesthesiologists Closed Claims Project, and the
American Association of Nurse Anesthetists Closed
Claims Study, 193; A study of clinical decision
making by Certified Registered Nurse Anesthetists,
391
Coker LL see Letters, 343
Coker LL: Continuous spinal anesthesia for cesarean
section for a morbidly obese parturient patient: A
case report, 189
Colony-forming units
   Microbial growth on the anesthesia machine, 53
Complementary medicine
   Herbal medicines and possible anesthesia
interactions, 47; A follow-up survey of the use of
complementary and alternative medicines by
surgical patients, 119 [author's clarification, 169];
see Letters, 169
Compressed air
   Safety in the use of compressed air versus oxygen
for the ophthalmic patient, 41
Computers
   Assessing the authenticity of the human simulation
experience in anesthesiology, 470
Conflict of interest
   see Legal Briefs, 431
Connelly LM, Schretenthaler J, Taunton RL: Nurse
anesthesia research: A follow-up study, 463
Contracts
   see Legal Briefs, 347
Cook airway exchange catheter
   Use of the Cook airway exchange catheter in
“bridging” the potentially difficult extubation: A
case report, 275
Costs
   see Education News, 15; see AANA Journal Course,
Part 2, 227; The perceived influence of financial
risk factors on the viability of nurse anesthesia
educational programs, 359; Costs and risks of
weekend anesthesia staffing at 6 independently
managed surgical suites, 377
Council for Public Interest in Anesthesia, Official
Listing of members, 493
Council on Accreditation of Nurse Anesthetists
Educational Programs
   List of programs to be reviewed during fiscal year
2003, 62; Official listing of members, Recognized
educational programs, 482
Council on Certification of Nurse Anesthetists,
Official listing of members, 492
Council on Recertification of Nurse Anesthetists,
Official listing of members, 492
Cowan C, Vinayak K, Jasinski DM: CRNA-conducted
research: Is it being done? 181
Cowan CC: The process of evaluating and regulating
a new drug: Phases of a drug study, 385
Crawforth K: The AANA Foundation Closed
Malpractice Claims Study: Obstetric anesthesia, 97
Credentialing
   see Legal Briefs, 437
Crisis resource management
   Assessing the authenticity of the human simulation
experience in anesthesiology, 470
Criste A see AANA Journal Course, Part 5, 475
Critical incidents
   A synthesis of the Australian Patient Safety
Foundation Anesthesia Incident Monitoring Study,
the American Society of Anesthesiologists Closed
Claims Project, and the American Association of
Nurse Anesthetists Closed Claims Study, 193
CRNA research
   CRNA-conducted research: Is it being done? 181;
Nurse anesthesia research: A follow-up study, 463
Cross-contamination
   Microbial growth on the anesthesia machine, 53

D
Danaher P see Davis R
Daniel C see Brooks RR
Davis R, Keenan J, Meza A, Danaher P, Vacchiano C,
Olson RL, Maye J: Use of a simple forearm
tourniquet as an adjunct to an intravenous regional
block, 295
Decision making
   A study of clinical decision making by Certified
Registered Nurse Anesthetists, 391
Dexter F, Epstein RH, Marsh HM: Costs and risks of
weekend anesthesia staffing at 6 independently
managed surgical suites, 377
DiChiara SE see Ward RC
Difficult airway
   Use of the Bullard laryngoscope in the adult patient
with epiglottitis: A case report, 127
Discharge, retaliatory
   see Legal Briefs, 93
Disseminated intravascular coagulopathy
Acute fatty liver of pregnancy: A case report, 215
Distance learning
see Education News, 263
Documentation
see Legal Briefs, 257
Dolasetron
see Letters, 343
Domen-Herbert R see Spence D
Droperidol
see Letters, 343
Drug development
The process of evaluating and regulating a new drug: Phases of a drug study, 385
Drug interactions
Herbal medicines and possible anesthesia interactions, 47; A follow-up survey of the use of complementary and alternative medicines by surgical patients, 119 [author's clarification, 169]; see Letters, 169
Drug production methods
see AANA Journal Course, Part 6, 63
Drug safety
see AANA Journal Course, Part 6, 63; The process of evaluating and regulating a new drug: Phases of a drug study, 385
Drug study phases
The process of evaluating and regulating a new drug: Phases of a drug study, 385
Due process
see Legal Briefs, 347

Economics
The perceived influence of financial risk factors on the viability of nurse anesthesia educational programs, 359; Costs and risks of weekend anesthesia staffing at 6 independently managed surgical suites, 377
Education
Prevalence of and reasons for preoperative tobacco use, 33; Council on Accreditation of Nurse Anesthesia educational programs to be reviewed during fiscal year 2003, 62; see Legal Briefs, 171; CRNA-conducted research: Is it being done? 181; Nurse anesthesia students' perceptions of the anesthesia patient simulator: A qualitative study, 219; see Education News, 263; The perceived influence of financial risk factors on the viability of nurse anesthesia educational programs, 359; A study of clinical decision making by Certified Registered Nurse Anesthetists, 391
Educational programs
see Guest Editorial, 435
Education News
School-related expenses, living expenses, and income sources for graduate students in nurse anesthesia programs, 15; Monitoring nurse anesthesia educational programs, 177 [author's clarification, 264]; Establishing requirements for teaching at a distance, 263; A proposal for an international accreditation process, 353
Ekman S-L see Mauleon AL
Ellington KJ see Oakes CL
Ellis W see Henrichs B
Emphysema
Diagnosis and treatment of tension pneumothorax under anesthesia: A case report, 21; Massive subcutaneous emphysema and hypercarbia: Complications of carbon dioxide absorption during extraperitoneal and intraperitoneal laparoscopic surgery—Case studies, 456
Employee
see Legal Briefs, 9
Enantiomers
see AANA Journal Course, Part 6, 63
Epidural anesthesia
The effects of spinal anesthesia vs epidural anesthesia on 3 potential postoperative complications: Pain, urinary retention, and mobility following inguinal herniorrhaphy, 441
Epidural blood patch
see Letters, 343
Epiglottitis
Use of the Bullard laryngoscope in the adult patient with epiglottitis: A case report, 127
Epstein RH see Dexter F
Eslick R see Haas RE
Esophageal rupture
Boerhaave syndrome: A case report, 289
Evidence
see Legal Briefs, 257
Evidence-based practice
CRNA-conducted research: Is it being done? 181
Expenses
see Education News, 15
Extraperitoneal approach
Massive subcutaneous emphysema and hypercarbia: Complications of carbon dioxide absorption during extraperitoneal and intraperitoneal laparoscopic surgery—Case studies, 456
Extubation
Use of the Cook airway exchange catheter in “bridging” the potentially difficult extubation: A case report, 275
Faas CL, Acosta FJ, Campbell MDR, O’Hagan CE, Newton SE, Zagalaniczny K: The effects of spinal anesthesia vs epidural anesthesia on 3 potential postoperative complications: Pain, urinary retention, and mobility following inguinal herniorrhaphy, 441

Fallacaro M see Hotchkiss MA

Fasciculations
A comparison of rocuronium and lidocaine for the prevention of postoperative myalgia after succinylcholine administration, 367

Fatty liver of pregnancy, acute
Acute fatty liver of pregnancy: A case report, 215

Faut-Callahan M see Kremer MJ

Feller CM see Brooks RR

Fiedler MA see Letters, 89

Finance
see Education News, 15; The perceived influence of financial risk factors on the viability of nurse anesthesia educational programs, 359

Fire
Safety in the use of compressed air versus oxygen for the ophthalmic patient, 41

Forced-air warming blankets
see Letters, 89

Forearm
Use of a simple forearm tourniquet as an adjunct to an intravenous regional block, 295

Fracture, long bone
see AANA Journal Course, Part 1, 131

Fracture, pelvic
see AANA Journal Course, Part 1, 131

Functional residual capacity.
see AANA Journal Course, Part 4, 399

Gambrill VL: Diagnosis and treatment of tension pneumothorax under anesthesia: a case report, 21

Garlic
Herbal medicines and possible anesthesia interactions, 47; A follow-up survey of the use of complementary and alternative medicines by surgical patients, 119 [author’s clarification, 169]

Gastroesophageal reflux disease
Chronic gastroesophageal reflux disease and its effect on laryngeal visualization and intubation: A case report, 373

Gender
see AANA Journal Course, Part 5, 475

Geometric isomers
see AANA Journal Course, Part 6, 63

Gibbs RD, Movinsky BA, Pellegrini J, Vacchiano CA: The morphine-sparing effect of metoclopramide on postoperative laparoscopic tubal ligation patients, 27

Ginkgo biloba
Herbal medicines and possible anesthesia interactions, 47; A follow-up survey of the use of complementary and alternative medicines by surgical patients, 119 [author’s clarification, 169]

Ginseng
Herbal medicines and possible anesthesia interactions, 47; A follow-up survey of the use of complementary and alternative medicines by surgical patients, 119 [author’s clarification, 169]

Grady M see Henrichs B

Guarana
Herbal medicines and possible anesthesia interactions, 47

Guest Editorial
Expansion of nurse anesthesia educational programs: Where are the barriers? 435

Haas RE, Patterson D, Powell S, Eslick R, Cassingham R, Nesley T: Is there postoperative evidence of implicit learning following aural stimuli at moderate hypnotic BIS levels during general anesthesia? 205

Hawkins RJ see Ward RC

Headache
see Letters, 343

Healthcare delivery reform
The perceived influence of financial risk factors on the viability of nurse anesthesia educational programs, 359

Heat loss
see AANA Journal Course, Part 2, 227

Heikkila D see Education News, 15

Henrichs B, Rule A, Grady M, Ellis W: Nurse anesthesia students’ perceptions of the anesthesia patient simulator: A qualitative study, 219

Hepatic disease
Living related kidney transplantation in a 15-year-old patient with type I hyperoxaluria: A case report, 107

Hepatic failure
Acute fatty liver of pregnancy: A case report, 215

Herb-drug interaction
Herbal medicines and possible anesthesia interactions, 47; A follow-up survey of the use of complementary and alternative medicines by
surgical patients, 119 [author's clarification, 169]
Herniorrhaphy, inguinal
The effects of spinal anesthesia vs epidural anesthesia on 3 potential postoperative complications: Pain, urinary retention, and mobility following inguinal herniorrhaphy, 441
Hicks FS see Kremer MJ
Higher Education Act see Education News, 263
Homeopathic medicine
Herbal medicines and possible anesthesia interactions, 47; A follow-up survey of the use of complementary and alternative medicines by surgical patients, 119 [author's clarification, 169]
Horton BJ see Education News, 177 [author's clarification, 264]; 353
Hospital mergers
The perceived influence of financial risk factors on the viability of nurse anesthesia educational programs, 359
Hotchkiss MA, Biddle C, Fallacaro M: Assessing the authenticity of the human simulation experience in anesthesiology, 470
Hypercapnia
Massive subcutaneous emphysema and hypercarbia: Complications of carbon dioxide absorption during extraperitoneal and intraperitoneal laparoscopic surgery—Case studies, 456
Hypercarbia
Massive subcutaneous emphysema and hypercarbia: Complications of carbon dioxide absorption during extraperitoneal and intraperitoneal laparoscopic surgery—Case studies, 456
Hyperoxaluria
Living related kidney transplantation in a 15-year-old patient with type I hyperoxaluria: A case report, 107
Hypothermia
see AANA Journal Course, Part 2, 227
Hypoxia
Safety in the use of compressed air versus oxygen for the ophthalmic patient, 41

I-J

Independent contractor
see Legal Briefs, 9
Index to Advertisers, 80; 160; 248; 336; 423; 519
Infection control
Microbial growth on the anesthesia machine, 53
Information for Authors, 61; 232; 318; 408; 507
Information systems
Costs and risks of weekend anesthesia staffing at 6 independently managed surgical suites, 377
Inguinal herniorrhaphy
The effects of spinal anesthesia vs epidural anesthesia on 3 potential postoperative complications: Pain, urinary retention, and mobility following inguinal herniorrhaphy, 441
Injury
The AANA Foundation Closed Malpractice Claims Study: Obstetric anesthesia, 97; see AANA Journal Course, Part 1, 131; A synthesis of the Australian Patient Safety Foundation Anesthesia Incident Monitoring Study, the American Society of Anesthesiologists Closed Claims Project, and the American Association of Nurse Anesthetists Closed Claims Study, 193; A study of clinical decision making by Certified Registered Nurse Anesthetists, 391
International accreditation
see Education News, 353
International Federation of Nurse Anesthetists see Education News, 353
Intraperitoneal approach
Massive subcutaneous emphysema and hypercarbia: Complications of carbon dioxide absorption during extraperitoneal and intraperitoneal laparoscopic surgery—Case studies, 456
Intrathecal opioids
The use of nalmefene for intrathecal opioid–associated nausea in postpartum patients, 57
Introducer needle
The effect of spinal introducer needle use on postoperative back pain, 449
Intubation
Chronic gastroesophageal reflux disease and its effect on laryngeal visualization and intubation: A case report, 373
Investigational new drug
The process of evaluating and regulating a new drug: Phases of a drug study, 385
Jasinski DM see Cowan C
Jet ventilation
Diagnosis and treatment of tension pneumothorax under anesthesia: A case report, 21
Joyce JA see AANA Journal Course, Part 6, 63

K

Kanusky JT see AANA Journal Course, Part 4, 399
Kava kava
Herbal medicines and possible anesthesia interactions, 47; A follow-up survey of the use of complementary and alternative medicines by
surgical patients, 119 [author's clarification, 169]
Keenan J see Davis R
Ketorolac
see Letters, 169
Kier LB see Books and Multimedia of Interest, 115
Kinslow KP see Education News, 353
Knowledge base
CRNA-conducted research: Is it being done? 181
Koch E see Letters, 343
Kohlenberg E see Guest Editorial, 435
Kremer M see Petty WC
Kremer MJ, Faut-Callahan M, Hicks FD: A study of clinical decision making by Certified Registered Nurse Anesthetists, 391
Kulwicki A see Rodgers LA

L

Labor
The use of nalmefene for intrathecal opioid-associated nausea in postpartum patients, 57

Laparoscopy
The morphine-sparing effect of metoclopramide on postoperative laparoscopic tubal ligation patients, 27; Massive subcutaneous emphysema and hypercarbia: Complications of carbon dioxide absorption during extraperitoneal and intraperitoneal laparoscopic surgery—Case studies, 456

Laryngeal visualization
Chronic gastroesophageal reflux disease and its effect on laryngeal visualization and intubation: A case report, 373

Laryngoscope
Use of the Bullard laryngoscope in the adult patient with epiglottitis: A case report, 127

Learning, implicit
Is there postoperative evidence of implicit learning following aural stimuli at moderate hypnotic BIS levels during general anesthesia? 205

Legal Briefs
CRNAs as independent contractors, 9; The difficulties of complying with TEFRA, 93; Nurse anesthesia students and liability, 171; Charting, 257; Fairness in credentialing the Certified Registered Nurse Anesthetist, 347; Conflict of laws, 431

Letters
AANA Journal Course: Update for Nurse Anesthetists—Thermoregulation: anesthetic and perioperative concerns, 89; A follow-up survey of the use of complementary and alternative medicines by surgical patients, 169; Continuous spinal anesthesia for cesarean section for a morbidly obese patient, 343; Prevention of postoperative nausea and vomiting, 343

Levitzky MG see AANA Journal Course, Part 4, 399

Liability
see Legal Briefs, 9; 171

Licorice
Herbal medicines and possible anesthesia interactions, 47; A follow-up survey of the use of complementary and alternative medicines by surgical patients, 119 [author's clarification, 169]

Lidocaine
Use of a simple forearm tourniquet as an adjunct to an intravenous regional block, 295; A comparison of rocuronium and lidocaine for the prevention of postoperative myalgia after succinylcholine administration, 367

Liquid crystal temperature strips
see Letters, 89

Lung volume
see AANA Journal Course, Part 4, 399

Lyons TR: Herbal medicines and possible anesthesia interactions, 47

M

Ma Huang
Herbal medicines and possible anesthesia interactions, 47; A follow-up survey of the use of complementary and alternative medicines by surgical patients, 119 [author's clarification, 169]

Malpractice
The AANA Foundation Closed Malpractice Claims Study: Obstetric anesthesia, 97; A synthesis of the Australian Patient Safety Foundation Anesthesia Incident Monitoring Study, the American Society of Anesthesiologists Closed Claims Project, and the American Association of Nurse Anesthetists Closed Claims Study, 193

Managed care
The perceived influence of financial risk factors on the viability of nurse anesthesia educational programs, 359

Mauleon AL, Ekman S-L: Newly graduated nurse anesthetists’ experiences and views on anesthesia nursing—A phenomenographic study, 281

Maye J see Davis R; Spence D; Brooks RR
Oakes KJ see Oakes CL
Obesity
Continuous spinal anesthesia for cesarean section for a morbidly obese parturient patient: A case report, 189; Use of the Cook airway exchange catheter in “bridging” the potentially difficult extubation: A case report, 275
Obstetrics
The AANA Foundation Closed Malpractice Claims Study: Obstetric anesthesia, 97; Continuous spinal anesthesia for cesarean section for a morbidly obese parturient patient: A case report, 189; Acute fatty liver of pregnancy: A case report, 215; see Letters, 343
O’Hagan CE see Faas CL
Olson RL see Davis R; Oakes CL; Spence D; Brooks RR
Ondansetron
see Letters, 343
Operating room information systems
Costs and risks of weekend anesthesia staffing at 6 independently managed surgical suites, 377
Operations research
Costs and risks of weekend anesthesia staffing at 6 independently managed surgical suites, 377
Ophthalmic surgery
Safety in the use of compressed air versus oxygen for the ophthalmic patient, 41
Opiates
Meta-analysis of the effectiveness of nonsteroidal anti-inflammatory drugs in a standardized pain model, 111
Opioids
The use of nalmefene for intrathecal opioid–associated nausea in postpartum patients, 57
Optical activity
see AANA Journal Course, Part 6, 63
Oral surgery
Meta-analysis of the effectiveness of nonsteroidal anti-inflammatory drugs in a standardized pain model, 111
Orthopedic trauma
see AANA Journal Course, Part 1, 131
Otolaryngology
Diagnosis and treatment of tension pneumothorax under anesthesia: A case report, 21
Ou dekerk C see Brooks RR
Ouellette SM see Guest Editorial, 435
Outpatient anesthesia
The effects of spinal anesthesia vs epidural anesthesia on 3 potential postoperative complications: Pain, urinary retention, and mobility following inguinal herniorrhaphy, 441
Oxalate
Living related kidney transplantation in a 15-year-old patient with type I hyperoxaluria: A case report, 107
Oxygen
Safety in the use of compressed air versus oxygen for the ophthalmic patient, 41
P-Q
Pain
The morphine-sparing effect of metoclopramide on postoperative laparoscopic tubal ligation patients, 27; Meta-analysis of the effectiveness of nonsteroidal anti-inflammatory drugs in a standardized pain model, 111; Use of a simple forearm tourniquet as an adjunct to an intravenous regional block, 295; The effects of spinal anesthesia vs epidural anesthesia on 3 potential postoperative complications: Pain, urinary retention, and mobility following inguinal herniorrhaphy, 441; The effect of spinal introducer needle use on postoperative back pain, 449; see AANA Journal Course, Part 5, 475
Patient safety
A synthesis of the Australian Patient Safety Foundation Anesthesia Incident Monitoring Study, the American Society of Anesthesiologists Closed Claims Project, and the American Association of Nurse Anesthetists Closed Claims Study, 193; see AANA Journal Course, Part 2, 227
Patient satisfaction
Assessment of postanesthesia short-term quality of life: A pilot study, 267
Patterson D see Haas RE
Pellegrini J see Gibbs RD
Pelvic fracture
see AANA Journal Course, Part 1, 131
Perceptions
Nurse anesthesia students’ perceptions of the anesthesia patient simulator: A qualitative study, 219; see AANA Journal Course, Part 5, 475
Personnel staffing and scheduling
Costs and risks of weekend anesthesia staffing at 6 independently managed surgical suites, 377
Petty WC, Kremer M, Biddle C: A synthesis of the Australian Patient Safety Foundation Anesthesia
Incident Monitoring Study, the American Society of Anesthesiologists Closed Claims Project, and the American Association of Nurse Anesthetists Closed Claims Study, 193

Phenomenography

Newly graduated nurse anesthetists' experiences and views on anesthesia nursing—A phenomenographic study, 281

Photosensitivity

Safety in the use of compressed air versus oxygen for the ophthalmic patient, 41

Pneumothorax

Diagnosis and treatment of tension pneumothorax under anesthesia: A case report, 21

Postdural puncture back pain

The effect of spinal introducer needle use on postoperative back pain, 449

Postoperative myalgia

A comparison of rocuronium and lidocaine for the prevention of postoperative myalgia after succinylcholine administration, 367

Powell S see Haas RE

Practice setting

CRNA-conducted research: Is it being done? 181

Preclinical trials

The process of evaluating and regulating a new drug: Phases of a drug study, 385

Pregnancy

The use of nalmefene for intrathecal opioid-associated nausea in postpartum patients, 57; Acute fatty liver of pregnancy: A case report, 215

Privileges

see Legal Briefs, 347

Procedural law

see Legal Briefs, 431

Program closure

The perceived influence of financial risk factors on the viability of nurse anesthesia educational programs, 359

Provider bias

see AANA Journal Course, Part 5, 475

Pulmonary mechanics

see AANA Journal Course, Part 4, 399

Qualitative research

Nurse anesthesia students' perceptions of the anesthesia patient simulator: A qualitative study, 219

Quality of life

Assessment of postanesthesia short-term quality of life: A pilot study, 267

Qui tam

see Legal Briefs, 93

R

Racemic mixture

see AANA Journal Course, Part 6, 63

Recall

Is there postoperative evidence of implicit learning following aural stimuli at moderate hypnotic BIS levels during general anesthesia? 205

Receptor

see AANA Journal Course, Part 3, 301

Records

see Legal Briefs, 257

Regional anesthesia, intravenous

Use of a simple forearm tourniquet as an adjunct to an intravenous regional block, 295

Renal transplantation

Living related kidney transplantation in a 15-year-old patient with type I hyperoxaluria: A case report, 107

Research

CRNA-conducted research: Is it being done? 181; Nurse anesthesia students' perceptions of the anesthesia patient simulator: A qualitative study, 219; Nurse anesthesia research: A follow-up study, 463

Respondeat superior

see Legal Briefs, 9

Retaliatory discharge

see Legal Briefs, 93

Retina

Safety in the use of compressed air versus oxygen for the ophthalmic patient, 41

Rights, CRNAs

see Legal Briefs, 347

Risk

Prevalence of and reasons for preoperative tobacco use, 33; The AANA Foundation Closed Malpractice Claims Study: Obstetric anesthesia, 97; A synthesis of the Australian Patient Safety Foundation Anesthesia Incident Monitoring Study, the American Society of Anesthesiologists Closed Claims Project, and the American Association of Nurse Anesthetists Closed Claims Study, 193; The perceived influence of financial risk factors on the viability of nurse anesthesia educational programs, 359; A study of clinical decision making by Certified Registered Nurse Anesthetists, 391
