The following is an index of the major topics addressed in the AANA Journal during 2005. The index is alphabetized according to headings, and entries appear in chronological order within the headings. Author and subject indexes are integrated.

A

AANA Journal Course No. 24 Examination Information—Update for nurse anesthetists, 137
AANA Journal Course No. 24 Examination—Update for nurse anesthetists (answer form), 139
AANA Journal Course No. 24 Examination—Update for nurse anesthetists (examination questions), 142
AANA Journal Course No. 24 Examination—Update for nurse anesthetists (examination answers), 305
AANA Journal Course No. 24–2005 Evaluation Form, 139
AANA Journal Course Part 6—The long-term use of opioids for pain control: Laputa revisited? 62; Part 1—Arrhythmia management devices and electromagnetic interference, 129; Part 2—An overview of multiple sclerosis and implications for anesthesia, 217; Part 3—Neuroprotective effects of thiopental, propofol, and etomidate, 297; Part 4—Acupressure and postoperative nausea and vomiting, 379; Part 5—Anesthetic considerations for patients with amyloidosis, 453
Accreditation
Council on Accreditation of Nurse Anesthesia educational programs to be reviewed during fiscal year 2006, 16
Activated coagulation time see State of the Science Oral and poster sessions, Part 1, A8
Acupressure see AANA Journal Course, Part 4, 379
Acupuncture see AANA Journal Course, Part 4, 379
Agramatic defects
Anesthetic considerations for patients with Down syndrome, 103
Addiction see State of the Science Oral and poster sessions, Part 2, A31
Admission standards see Education News, 265
Adverse effects see State of the Science Oral and poster sessions, Part 1, A16; Part 2, A47
Adverse events see State of the Science Oral and poster sessions, Part 2, A43
Adverse respiratory events
Suspected pharyngoesophageal perforation after a difficult intubation: A case report, 185
Aeromedical evacuation see State of the Science Oral and poster sessions, Part 1, A15
Agazio JB see State of the Science Oral and poster sessions, Part 2, A36
Airway
see Letters, 18, 169; Anesthetic considerations for patients with Down syndrome, 103; Are patients with obstructive sleep apnea syndrome appropriate candidates for the ambulatory surgical center? 197; see Letters, 249; Dexmedetomidine as a sole sedating agent with local anesthesia in a high-risk patient for axillofemoral bypass graft: A case report, 337; see State of the Science Oral and poster sessions, Part 1, A14; Part 2, A39
Airway management
Assessing the degree of involvement of Certified Registered Nurse Anesthetists in airway management and trauma stabilization in rural hospitals, 191; Insertion of a folded laryngeal mask airway around a palatal torus, 211
Airway management and trauma stabilization scale
Assessing the degree of involvement of Certified Registered Nurse Anesthetists in airway management and trauma stabilization in rural hospitals, 191
Ales RC see State of the Science Oral and poster sessions, Part 2, A45
Alkaptonuric ochronosis: A case report, 41
Allied health see Education News, 24
Alternative medicine see AANA Journal Course, Part 1, A8
Alumnae Association of the Lakeside Hospital School of Anesthesia, Cleveland see Imagining in Time, 259
Alves SL: A study of occupational stress, scope of practice, and collaboration in nurse anesthetists practicing in anesthesia care team settings, 443
Ambiguity see Legal Briefs, 420
Ambulatory surgery
Are patients with obstructive sleep apnea syndrome appropriate candidates for the ambulatory surgical center? 197; Use of a remifentanil and propofol combination in outpatients to facilitate rapid discharge home, 207
Ament JW see State of the Science Oral and poster sessions, Part 2, A25
American Association of Nurse Anesthetists see Imagining in Time, 259, 339; see State of the Science Oral and poster sessions, Part 1, A7
American Nurses Association see Imagining in Time, 259
Americans with Disabilities Act see Legal Briefs, 9; Education News, 265
Amyloidosis see AANA Journal Course, Part 5, 453
Analgesia see AANA Journal Course, Part 6, 62
Anaphylaxis see State of the Science Oral and poster sessions, Part 1, A16
Anesthesia care team
A study of occupational stress, scope of practice, and collaboration in nurse anesthetists practicing in anesthesia care team settings, 443
Anesthesia history see Imagining in Time, 259
Anesthesia information management systems, 178
Anesthesia Patient Safety Foundation (APSF)
SNOMED CT: Electronic health record enhances anesthesia patient safety, 361
Anesthesia providers see Imagining in Time, 259; The Certified Registered Nurse Anesthetist: Occupational responsibilities, perceived stressors, coping strategies, and work relationships, 351; A national survey of Certified Registered Nurse Anesthetists’ knowledge, beliefs, and assessment of herbal supplements in the anesthesia setting, 368; see State of the Science Oral and poster sessions, Part 2, A32; Part 2, A40
Anesthesia record
SNOMED CT: Electronic health record enhances...
Books and Multimedia of Interest
Miller's Anesthesia, 417; Adverse Events, Stress and Litigation: A Physician's Guide, 418; Perioperative Drug Manual, 418

Bordi MC see State of the Science Oral and poster sessions, Part 2, A40
Borrowed Servant see Legal Briefs, 253
Bottles, anesthetic agents see Letters, 338
Bourgault TB see State of the Science Oral and poster sessions, Part 2, A31
Brady WJ, Meenan DR, Shankar TR, Balon JA, Mennett DR: Use of a remifentanil and propofol combination in outpatients to facilitate rapid discharge home, 207
Branch MA see State of the Science Oral and poster sessions, Part 1, A6
Branson RD see State of the Science Oral and poster sessions, Part 2, A36
Brian J see State of the Science Oral and poster sessions, Part 2, A32
Bridges EJ see State of the Science Oral and poster sessions, Part 1, A15
Brown WE see State of the Science Oral and poster sessions, Part 1, A17
Bupivacaine
The effect of Pencan needle orientation on spinal anesthesia outcomes, 121
Burja MJ see State of the Science Oral and poster sessions, Part 1, A9
Burkard JF see State of the Science Oral and poster sessions, Part 1, A1; Part 2, A46
Butera JR see State of the Science Oral and poster sessions, Part 1, A7
Butyrophenone
Haloperidol: An alternative butyrophenone for nausea and vomiting prophylaxis in anesthesia, 273

C
Cantral DE see Moos DD
Captain of the Ship see Legal Briefs, 253
Carbamazepine see AANA Journal Course, Part 2, 217
Carbon dioxide see State of the Science Oral and poster sessions, Part 1, A20; Part 1, A21
Cardiac arrest under anesthesia in a pediatric patient with Williams syndrome: A case report, 287
Cardiac complications see State of the Science Oral and poster sessions, Part 2, A34
Cardiac death
Haloperidol: An alternative butyrophenone for nausea and vomiting prophylaxis in anesthesia, 273
Cardiac defects
Anesthetic considerations for patients with Down syndrome, 103
Cardiac surgery see State of the Science Oral and poster sessions, Part 2, A47
Cardioprotective effects see State of the Science Oral and poster sessions, Part 2, A28
Cardiopulmonary bypass see State of the Science Oral and poster sessions, Part 1, A6
Cardiopulmonary resuscitation see State of the Science Oral and poster sessions, Part 2, A36
Cardiovascular disorders
Alkaptonuric ochronosis: A case report, 41

Cardiovascular effects
Are patients with obstructive sleep apnea syndrome appropriate candidates for the ambulatory surgical center? 197; see AANA Journal Course, Part 5, 453
Cardioverter-defibrillator see AANA Journal Course, Part 1, 129
Carey M see State of the Science Oral and poster sessions, Part 2, A29
Case study involving suctioning of an electromyographic endotracheal tube, 111
Casey J see State of the Science Oral and poster sessions, Part 1, A20
Cautery
Fire in the operating room during tracheotomy: A case report, 97; see AANA Journal Course, Part 1, 129
Celtic activator see State of the Science Oral and poster sessions, Part 1, A8
Cerebral blood flow see AANA Journal Course, Part 3, 297
Certified Registered Nurse Anesthetists
Assessing the degree of involvement of Certified Registered Nurse Anesthetists in airway management and trauma stabilization in rural hospitals, 191; A national survey of Certified Registered Nurse Anesthetists' knowledge, beliefs, and assessment of herbal supplements in the anesthesia setting, 368; see State of the Science Oral and poster sessions, Part 1, A7; Part 1, A13; Part 1, A19; Part 1, A22; Part 2, A23; Part 2, A32; Part 2, A40; A study of occupational stress, scope of practice, and collaboration in nurse anesthetists practicing in anesthesia care team settings, 443
The Certified Registered Nurse Anesthetist: Occupational responsibilities, perceived stressors, coping strategies, and work relationships, 351
Chaplin RL Jr see State of the Science Oral and poster sessions, Part 2, A24
Chemical dependency see State of the Science Oral and poster sessions, Part 1, A22
Chemical hypoxia see State of the Science Oral and poster sessions, Part 2, A28
Chenowith TL see State of the Science Oral and poster sessions, Part 2, A37
Chloroprocaine see State of the Science Oral and poster sessions, Part 2, A45
Chmielewski C see Letters, 169
Cholecystectomy see State of the Science Oral and poster sessions, Part 2, A27
Cholinesterase
Novel pharmacological approaches for the antagonism of neuromuscular blockade, 37
Christie DM see State of the Science Oral and poster sessions, Part 2, A26
Chronic orofacial pain see State of the Science Oral and poster sessions, Part 1, A6
Chronic pain see AANA Journal Course, Part 6, 62; see State of the Science Oral and poster sessions, Part 1, A6
Chrysin see State of the Science Oral and poster sessions, Part 1, A17
Circumferential pulmonary vein ablation see State of the Science Oral and poster sessions, Part 2, A30
Clancy RL see Goodyear-Bruch C
Clark GD see State of the Science Oral and poster sessions, Part 2, A28
Cleveland see Imagining in Time, 259, 339
Clinical evaluation tool see State of the Science Oral and poster sessions, Part 2, A29
Clinical instruction see Education News, 89; see State of the
Science Oral and poster sessions, Part 1, A10
Clinical practice doctorate see Education News, 24
Coagulopathy
An anesthesia provider's perspective of heparin-induced thrombocytopenia, 115
Codeine see AANA Journal Course, Part 6, 62
Cohen F see State of the Science Oral and poster sessions, Part 1, A16
Collaboration
A study of occupational stress, scope of practice, and collaboration in nurse anesthetists practicing in anesthesia care team settings, 443
Collins EJ, Hand R: Alkaptonuric ochronosis: A case report, 41
Comisky SJ see State of the Science Oral and poster sessions, Part 2, A30
Communication
The Certified Registered Nurse Anesthetist: Occupational responsibilities, perceived stressors, coping strategies, and work relationships, 351
Community-based education see Education News, 345
Competencies see Education News, 265
Complementary medicine see AANA Journal Course, Part 4, 379
Compressions (CPR) see State of the Science Oral and poster sessions, Part 2, A36
Computed tomography
Lumbar discography: A tool for understanding pain [guest editorial], 173
Computer-adaptive testing
The self-evaluation examination: Past, present and future [guest editorial], 21
Conscious sedation
Dexmedetomidine as a sole sedating agent with local anesthesia in a high-risk patient for axillofemoral bypass graft: A case report, 357
Continuous positive airway pressure
Are patients with obstructive sleep apnea syndrome appropriate candidates for the ambulatory surgical center? 197
Cook DJ see State of the Science Oral and poster sessions, Part 2, A47
Coping
The Certified Registered Nurse Anesthetist: Occupational responsibilities, perceived stressors, coping strategies, and work relationships, 351
Core temperature
Effects of hypothermia and shivering on standard PACU monitoring of patients, 47
Coronary artery bypass graft see State of the Science Oral and poster sessions, Part 1, A13; Part 2, A44
Coronary artery disease see State of the Science Oral and poster sessions, Part 2, A34
Coronary artery obstruction
Cardiac arrest under anesthesia in a pediatric patient with Williams syndrome: A case report, 287
Corporate liability see Legal Briefs, 233
Correction
Anticoagulation and spinal and epidural anesthesia, 306 (original article in AANA J, 2005;73:225-231)
Corticosteroids see AANA Journal Course, Part 2, 217
Cotton GM see State of the Science Oral and poster sessions, Part 2, A47
Council for Public Interest in Anesthesia, Official listing of members 486
Council on Accreditation of Nurse Anesthesia educational programs to be reviewed during fiscal year 2006, 16; Official listing of members, 473; Recognized educational programs, 473
Council on Certification of Nurse Anesthetists, Official listing of members, 486
Council on Recertification of Nurse Anesthetists, Official listing of members, 486
Craig WJ see State of the Science Oral and poster sessions, Part 2, A44
Craniotomy see State of the Science Oral and poster sessions, Part 2, A26
Crawforth K see State of the Science Oral and poster sessions, Part 1, A14
Cricoid pressure see State of the Science Oral and poster sessions, Part 1, A9
Cripe, George see Imagining in Time, 259
Cuddeford JD see Moos DD
Cuff, endotracheal tube see State of the Science Oral and poster sessions, Part 1, A14; Part 2, A39
Curriculum requirements
The self-evaluation examination: Past, present and future [guest editorial], 21
Cyanide see State of the Science Oral and poster sessions, Part 2, A28
Cyanotic defects
Anesthetic considerations for patients with Down syndrome, 103
Cysts
Anesthetic management of a patient with a mediastinal foregut duplication cyst: A case report, 55

D
Daicoff B see Wilbanks BA, 437
Dallas WG see State of the Science Oral and poster sessions, Part 1, A5
Daly JS see State of the Science Oral and poster sessions, Part 2, A27
Dando B see State of the Science Oral and poster sessions, Part 1, A6
D'Angelo M see Hering K
Daniel JL see State of the Science Oral and poster sessions, Part 1, A11
Databases
Anesthesia information management systems, 178
Davidson S see Letters, 17
Dawes JJ see State of the Science Oral and poster sessions, Part 2, A35
Decision support
SNOMED CT: Electronic health record enhances anesthesia patient safety, 361
DeLoge JA see State of the Science Oral and poster sessions, Part 1, A12
Demographics see State of the Science Oral and poster sessions, Part 1, A7
Dentition see Letters, 17
Detoxification see State of the Science Oral and poster sessions, Part 2, A31
Dewan JA see State of the Science Oral and poster sessions, Part 2, A43
Dexmedetomidine as a sole sedating agent with local anesthesia in a high-risk patient for axillofemoral bypass graft: A case report, 357; see State of the Science Oral and poster sessions, Part 2, A44
Diaphragm shortening
Pressure-support ventilation and diaphragm shortening in
Effects of preincisional ketamine treatment on natural killer cell activity and postoperative pain management after oral maxillofacial surgery, 427
Electrolytes
Hyperkalemia-induced residual neuromuscular blockade: A case report, 437
Electromagnetic interference see AANA Journal Course, Part 1, 129
Electromyography
Case study involving suctioning of an electromyographic endotracheal tube, 111
Electronic health information
SNOMED CT: Electronic health record enhances anesthesia patient safety, 361
Elevitch FR: SNOMED CT: Electronic health record enhances anesthesia patient safety, 361
Elliott BA see State of the Science Oral and poster sessions, Part 1, A2
Emergence see State of the Science Oral and poster sessions, Part 2, A24
Emergency airway see Letters, 249
Endotracheal intubation see State of the Science Oral and poster sessions, Part 1, A9
Endotracheal tube
see Letters, 17; Case study involving suctioning of an electromyographic endotracheal tube, 111; see State of the Science Oral and poster sessions, Part 1, A14; Part 2, A39
Environmental conditions see State of the Science Oral and poster sessions, Part 1, A15
Ephedra
A national survey of Certified Registered Nurse Anesthetists' knowledge, beliefs, and assessment of herbal supplements in the anesthesia setting, 368
Epidural analgesia see State of the Science Oral and poster sessions, Part 1, A18
Epidural anesthesia
Anticoagulation and spinal and epidural anesthesia, correction, 306 (original article in AANA J. 2004;72:225-231); see State of the Science Oral and poster sessions, Part 1, A3
Error see State of the Science Oral and poster sessions, Part 2, A43
Esophageal perforation
Suspected pharyngoesophageal perforation after a difficult intubation: A case report, 185
Esophageal temperature see State of the Science Oral and poster sessions, Part 2, A30
Ethics see Letters, 17
Etomidate see AANA Journal Course, Part 3, 297
Evanina EY, Hanisak JL: Case study involving suctioning of an electromyographic endotracheal tube, 111
Examination blueprint
The self-evaluation examination: Past, present and future [guest editorial], 21
Extracorporeal membrane oxygenation
Cardiac arrest under anesthesia in a pediatric patient with Williams syndrome: A case report, 287
Extracorporeal shock wave lithotripsy see State of the Science Oral and poster sessions, Part 2, A25
Extubation see Letters, 17

E

Echinacea
A national survey of Certified Registered Nurse Anesthetists' knowledge, beliefs, and assessment of herbal supplements in the anesthesia setting, 368
Edema, pulmonary see Letters, 17
Edema, glottic see Letters, 17
Edge M see State of the Science Oral and poster sessions, Part 1, A3
Education
The self-evaluation examination: past, present and future [guest editorial], 21; Council on Accreditation of Nurse Anesthesia educational programs to be reviewed during fiscal year 2006, 16; see State of the Science Oral and poster sessions, Part 1, A2; Part 1, A3; Part 1, A9; Part 1, A10; Part 2, A29; Part 2, A37; Part 2, A41; Part 2, A43
Education News
Impact of the clinical doctorate from an allied health perspective, 24; Learning styles: An issue in clinical education? 89; Nurse anesthesia students with disabilities: A legal and academic review of potential professional standards, 269; Area health education centers and health education training centers: a well-kept secret, 345
Educational programs see Education News, 345
Effects of preincisional ketamine treatment on natural killer cell activity and postoperative pain management after oral maxillofacial surgery, 427
Electrolytes
Hyperkalemia-induced residual neuromuscular blockade: A case report, 437
Electromagnetic interference see AANA Journal Course, Part 1, 129
Electromyography
Case study involving suctioning of an electromyographic endotracheal tube, 111
Electronic health information
SNOMED CT: Electronic health record enhances anesthesia patient safety, 361
Elevitch FR: SNOMED CT: Electronic health record enhances anesthesia patient safety, 361
Elliott BA see State of the Science Oral and poster sessions, Part 1, A2
Emergence see State of the Science Oral and poster sessions, Part 2, A24
Emergency airway see Letters, 249
Endotracheal intubation see State of the Science Oral and poster sessions, Part 1, A9
Endotracheal tube
see Letters, 17; Case study involving suctioning of an electromyographic endotracheal tube, 111; see State of the Science Oral and poster sessions, Part 1, A14; Part 2, A39
Environmental conditions see State of the Science Oral and poster sessions, Part 1, A15
Ephedra
A national survey of Certified Registered Nurse Anesthetists' knowledge, beliefs, and assessment of herbal supplements in the anesthesia setting, 368
Epidural analgesia see State of the Science Oral and poster sessions, Part 1, A18
Epidural anesthesia
Anticoagulation and spinal and epidural anesthesia, correction, 306 (original article in AANA J. 2004;72:225-231); see State of the Science Oral and poster sessions, Part 1, A3
Error see State of the Science Oral and poster sessions, Part 2, A43
Esophageal perforation
Suspected pharyngoesophageal perforation after a difficult intubation: A case report, 185
Esophageal temperature see State of the Science Oral and poster sessions, Part 2, A30
Ethics see Letters, 17
Etomidate see AANA Journal Course, Part 3, 297
Evanina EY, Hanisak JL: Case study involving suctioning of an electromyographic endotracheal tube, 111
Examination blueprint
The self-evaluation examination: Past, present and future [guest editorial], 21
Extracorporeal membrane oxygenation
Cardiac arrest under anesthesia in a pediatric patient with Williams syndrome: A case report, 287
Extracorporeal shock wave lithotripsy see State of the Science Oral and poster sessions, Part 2, A25
Extubation see Letters, 17

F

Faculty, doctoral see Education News, 24
Fagerlund K, McShane F: The self-evaluation examination: Past, present and future [guest editorial], 21
Fagerlund K see Temple MD
Fatal outcome
Haloperidol: An alternative butyrophenone for nausea and vomiting prophylaxis in anesthesia, 273
Fedel GM see Bragg K
Feinauer WA see State of the Science Oral and poster sessions, Part 2, A25
Femoral nerve block see State of the Science Oral and poster sessions, Part 2, A46
Fentanyl
The effect of Pencan needle orientation on spinal anesthesia outcomes, 121
Figueroa EK see State of the Science Oral and poster sessions, Part 2, A41
Finnes EK see State of the Science Oral and poster sessions, Part 1, A2
Fire in the operating room during tracheotomy: A case report, 97
Fire triangle
Fire in the operating room during tracheotomy: A case report, 97
Flowchart see Letters, 249
Folded laryngeal mask airway insertion
Insertion of a folded laryngeal mask airway around a palatal torus, 211
Foregut
Anesthetic management of a patient with a mediastinal foregut duplication cyst: A case report, 55
Foster J see State of the Science Oral and poster sessions, Part 1, A21
Foster R see State of the Science Oral and poster sessions, Part 2, A38
Freeman RC see Letters, 338
Frie ED see State of the Science Oral and poster sessions, Part 1, A2
Fuels (fires)
Fire in the operating room during tracheotomy: A case report, 97
Gacharna D see Letters, 17
Gaddis RR see State of the Science Oral and poster sessions, Part 2, A28
Gamble ME see State of the Science Oral and poster sessions, Part 2, A27
γ-Cyclodextrin
Novel pharmacological approaches for the antagonism of neuromuscular blockade, 37
Gappa KK see State of the Science Oral and poster sessions, Part 2, A35
Garlic
A national survey of Certified Registered Nurse Anesthetists' knowledge, beliefs, and assessment of herbal supplements in the anesthesia setting, 368
Garrett N see State of the Science Oral and poster sessions, Part 2, A24
Garrett N see Bentley MW
Garrett NL see State of the Science Oral and poster sessions, Part 2, A37
Gastrointestinal diseases and defects
Anesthetic considerations for patients with Down syndrome, 103
Gastrointestinal effects of multiple sclerosis see AANA Journal Course, Part 2, 217
Gibbs LA see State of the Science Oral and poster sessions, Part 2, A35
Gilligan BJ III see State of the Science Oral and poster sessions, Part 2, A41
Giffen, Margaret see Imagining in Time, 339
Ginkgo biloba
A national survey of Certified Registered Nurse Anesthetists' knowledge, beliefs, and assessment of herbal supplements in the anesthesia setting, 368
Ginseng
A national survey of Certified Registered Nurse Anesthetists' knowledge, beliefs, and assessment of herbal supplements in the anesthesia setting, 368
Glargin see State of the Science Oral and poster sessions, Part 2, A38
Glotic edema see Letters, 17
Gold ME see State of the Science Oral and poster sessions, Part 2, A29
Golinski M see State of the Science Oral and poster sessions, Part 1, A14
Goode JB see State of the Science Oral and poster sessions, Part 2, A44
Gopp AR: Anesthetic management of a patient with a mediastinal foregut duplication cyst: A case report, 55
Gould JM see State of the Science Oral and poster sessions, Part 1, A19
Granisetron see State of the Science Oral and poster sessions, Part 1, A11
Greene K see State of the Science Oral and poster sessions, Part 1, A22
Groom J see State of the Science Oral and poster sessions, Part 2, A33
Guinn C. see Letters, 17
H
H9c2 cells see State of the Science Oral and poster sessions, Part 2, A28
Haloperidol: An alternative butyrophenone for nausea and vomiting prophylaxis in anesthesia, 273
Halothane see Letters, 338
Hand R see Collins EJ
Hanisak JL see Evanina EY
Harvan J see Hering K
Haskowitz L see Heater DW
Hathaway MF see State of the Science Oral and poster sessions, Part 2, A34
Haynie C see Letters, 18
Hazlett G see State of the Science Oral and poster sessions, Part 1, A20
Health see State of the Science Oral and poster sessions, Part 2, A40
Health education training centers see Education News, 345
Health record
SNOMED CT: Electronic health record enhances anesthesia patient safety, 361
Heart rate variability see State of the Science Oral and poster sessions, Part 1, A6
Heart transplantation see AANA Journal Course, Part 5, 453
Heater DW, Haskowitz L: Suspected pharyngoesophageal perforation after a difficult intubation: A case report, 185
Heims MC see State of the Science Oral and poster sessions, Part 2, A31
Heiter D see State of the Science Oral and poster sessions, Part 2, A24
Helms LB see Education News, 265
Hemodynamics see AANA Journal Course, Part 5, 453
Heparin-induced thrombocytopenia
An anesthesia provider's perspective of heparin-induced thrombocytopenia, 115
Herb-anesthetic interactions
A national survey of Certified Registered Nurse Anesthetists' knowledge, beliefs, and assessment of herbal supplements in the anesthesia setting, 368; see State of the Science Oral and poster sessions, Part 2, A24
Herbal assessment
A national survey of Certified Registered Nurse Anesthetists' knowledge, beliefs, and assessment of herbal supplements in the anesthesia setting, 368
Herbal supplements
A national survey of Certified Registered Nurse Anesthetists' knowledge, beliefs, and assessment of herbal supplements in the anesthesia setting, 368; see State of the Science Oral and poster sessions, Part 1, A17; Part 2, A24
Hering K, Harvan J, D'Angelo M, Jasinski D: The use of a computer website prior to scheduled surgery (a pilot study): Impact on patient information, acquisition, anxiety level, and overall satisfaction with anesthesia care, 29
Hilscher TL see State of the Science Oral and poster sessions, Part 2, A26
History see Imagining in Time, 259, 339
History of medicine see State of the Science Oral and poster
sessions
History of medicine see Imagining in Time, 259
Hodgins, Agatha see Imagining in Time, 259
Holland CG see Letters, 249
Hodgins, Agatha see Imagining in Time, 259
Holschlag JL see State of the Science Oral and poster sessions, Part 2, A35
Homozygosis acid
Alkaptonuric ochronosis: A case report, 41
Hoopis TM see State of the Science Oral and poster sessions, Part 2, A43
Huber LL see State of the Science Oral and poster sessions, Part 2, A25
Huls B see Moos DD
Hulse JA see State of the Science Oral and poster sessions, Part 2, A37
Hurd NS see State of the Science Oral and poster sessions, Part 1, A17
Huynh LX see State of the Science Oral and poster sessions, Part 2, A42
Hyperglycemia see State of the Science Oral and poster sessions, Part 1, A13
Hyperkalemia
Hyperkalemia-induced residual neuromuscular blockade: A case report, 437
Hypoglycemia see State of the Science Oral and poster sessions, Part 2, A38
Hypothermia
Effects of hypothermia and shivering on standard PACU monitoring of patients, 47; see State of the Science Oral and poster sessions, Part 1, A13
Ignition sources (fires)
Fire in the operating room during tracheotomy: A case report, 97
Imbus DJ see State of the Science Oral and poster sessions, Part 2, A37
Immunosuppressants see AANA Journal Course, Part 2, 217
Immunotherapy see AANA Journal Course, Part 2, 217
Implantable cardioverter-defibrillator see AANA Journal Course, Part 1, 129
Independent practice see State of the Science Oral and poster sessions, Part 2, A32
Index to Advertisers, 80; 160; 240; 328; 408; 512
Information for Authors, 70; 147; 226; 312; 386; 485
Information management
Anesthesia information management systems, 178
Information system
SNOMED CT: Electronic health record enhances anesthesia patient safety, 361
Inhalation anesthetics
Sedation in status asthmaticus: A case report, 35; see Letters, 338
Insertion of a folded laryngeal mask airway around a palatal torus, 211
Instructional effectiveness see Education News, 89
Insulin see State of the Science Oral and poster sessions, Part 1, A13; Part 2, A38
Interpersonal relationships
The Certified Registered Nurse Anesthetist: Occupational responsibilities, perceived stressors, coping strategies, and work relationships, 351
Interpretation of Contracts see Legal Briefs, 420
Intracranial pressure see AANA Journal Course, Part 3, 297
Intradermal injection see State of the Science Oral and poster sessions, Part 2, A45
Intraoperative fire
Fire in the operating room during tracheotomy: A case report, 97
Intrathoracic pressure
Pressure-support ventilation and diaphragm shortening in the rat model, 277
Intravenous anesthetic agent
Dexmedetomidine as a sole sedating agent with local anesthesia in a high-risk patient for axillofemoral bypass graft: A case report, 357
Intravenous catheterization see State of the Science Oral and poster sessions, Part 2, A45
Intubation

State of the Science oral and poster sessions

Part 1 (387+): Can anesthesia providers accurately predict their patient's preoperative anxiety? A1; Regional anesthesia website proposal, A2; Locating the epidural space: A multidimensional approach to teaching, A3; The laryngeal mask airway: Comparison of two insertion techniques related to waste anesthetic gas leakage, A4; Efficacy of ketorolac: Preoperative versus intraoperative administration, A5; A description of the indices of heart rate variability in chronic orofacial pain patients, A6; A snapshot of the military CRNA in 2004, A7; Variability of the ACT with different activator concentrations and blood components, A8; Cricoid pressure: improving performance through education and training, A9; Clinical educator styles – Survey, A10; Ondanestron versus granisetron: Prevention of postoperative nausea and vomiting in patients undergoing cesarean section, A11; Comparison of inhalation of isopropyl alcohol (IPA) versus promethazine in the treatment of postoperative nausea and vomiting (PONV) in patients identified as at high risk for developing PONV, A12; Certified Registered Nurse Anesthetists (CRNAs) attitudes toward and knowledge base regarding the treatment of hyperglycemia in the patient undergoing coronary artery bypass grafting and/or cardiac valve procedures, A13; The accuracy of the minimal leak technique and pilot balloon palpation in assessing endotracheal tube cuff pressure during intubation, A14; Comparison of hypothermia prevention strategies in a critically ill animal model exposed to aeromedical evacuation environmental conditions, A15; Anaphylaxis secondary to the administration of rocuronium? A16; Evaluation of the anxiolytic effects of chrysion, a Passiflora incarnata extract, in the laboratory rat, A17; Effect of continuous infusions vs intermittent boluses on maternal temperature during labor epidural analgesia, A18; Anesthesia manpower survey for Michigan counties with populations greater than 250,000, A19; A description of carbon dioxide recovery times in orofacial pain patients, A20; Analysis of the difference in CO2 absorbent duration of carbon dioxide recovery times in orofacial pain patients, A21; The accuracy of the minimal leak technique and pilot balloon palpation in assessing endotracheal tube cuff pressure during intubation, A14; Comparison of hypothermia prevention strategies in a critically ill animal model exposed to aeromedical evacuation environmental conditions, A15; Anaphylaxis secondary to the administration of rocuronium? A16; Evaluation of the anxiolytic effects of chrysion, a Passiflora incarnata extract, in the laboratory rat, A17; Effect of continuous infusions vs intermittent boluses on maternal temperature during labor epidural analgesia, A18; Anesthesia manpower survey for Michigan counties with populations greater than 250,000, A19; A description of carbon dioxide recovery times in orofacial pain patients, A20; Analysis of the difference in CO2 absorbent duration of carbon dioxide recovery times in orofacial pain patients, A21; The effect of pre-admission drug screening on substance abuse rates among CRNA students, A22; Part 2 (459+): An analysis of the issues affecting US Army CRNA retention, A23; The effects of valerian on the time course of emergence from general anesthesia in Sprague-Dawley rats (Rattus norvegicus), A24; Lidoderm 5% patch as an adjunct for pain control for patients undergoing lithotripsy, A25; A historical review of the awake craniotomy, A26; Is the administration of pre-operative ondansetron orally disintegrating tablet, 8 mg, as effective as the intra-operative use of ondansetron, 4 mg, intravenously in the prevention of nausea and vomiting in patients undergoing laparoscopic cholecystectomy? A27; Pharmacological preconditioning with sevoflurane imparts cardioprotection to H9c2 cells undergoing chemical hypoxia, A28; Nurse anesthesia student's satisfaction with the first semester clinical evaluation tool, A29; Evaluation of esophageal temperature for patients undergoing percutaneous circumferential pulmonary vein radiofrequency ablation, A30; Anesthesia assisted opioid detoxification with naloxone and buprenorphine in mice, A31; Preparation for rural nurse anesthesia practice, A32; Do junior nurse anesthesia residents benefit from an mentor? A33; How soon after percutaneous coronary intervention (PCI) is it safe to undergo non-cardiac surgery? A34; A comparison of the efficacy of lidocaine vs rocuronium pretreatment for prevention of succinylcholine induced post-operative myalgia in morbidly obese patients, A35; Comparison of ventilation and cardiac compressions when utilizing the Impact Model 730 automatic transport ventilator versus a conventional bag valve with a facemask in a model of adult cardiopulmonary arrest, A36; Predictors of student success in the US Army Graduate Program in Anesthesia Nursing, A37; A comparison of prescribed evening insulin glargine and preoperative blood glucose values, A38; Endotracheal tube cuff pressure following intubation, A39; Impact of work patterns on the health of Certified Registered Nurse Anesthetists, A40; Second-year nurse anesthesia student involvement in mentoring, A41; Postoperative outcome in pacemaker patients undergoing non-cardiac surgery, A42; Use of root cause analysis (RCA) to enhance nurse anesthesia education, A43; Effects of dexmedetomidine in the coronary artery bypass graft (CABG) patient: A pilot study, A44; The effects of chloroprocaine versus lidocaine for skin infiltration prior to intravenous catheter insertion, A45; Will the addition of a sciatic nerve block to a femoral nerve block provide better pain control following anterior cruciate ligament repair (ACLR) surgery? A46; Preoperative angiography and postoperative renal dysfunction in cardiac surgical patients, A47
