EDIT PROGRAM ADMINISTRATOR INFORMATION TASK FOR '...

Save Program Administrator

Program Administrators (not their designee) must complete a Program Verification Form online for each resident before residents can submit their application online. You must invite your program administrator to complete this task on your behalf. Once you invite them in the next task, an email will be sent directly to them through this system (there might be a delay up to several hours). We strongly advise that you follow up with them outside of this system to confirm that they received their invitation. If they claim they did not receive your invitation through this system, please have them check their spam folder for an email from foundation@aana.com. Please ask them to add foundation@aana.com to their list of contacts so our emails avoid their spam folder. Only one Program Verification Form is required regardless of the number of scholarships applied for. Applications will be accepted through March 1.

Residents may continue to work on their application after inviting their Program Administrator to complete a Program Verification Form on their behalf. Because residents cannot submit their application until the Program Administrator has completed their Program Verification Form online, we recommend that you work with your Program Administrator as soon as the application opens. NOTE: Your Program Administrator may attend the AANA Assembly of Didactic and Clinical Educators (ADCE) meeting on February 15-18 so please ask them to finalize your form before the event. The submission deadline will not be extended.

You will know that your program administrator completed your Program Verification Form when you see the green check mark next to the Program Verification Form task in your task list. You may also follow up with them directly, if you wish. You may continue working on your application while you wait for your Program Verification Form to be completed.

Please <u>click here</u> to see a sample of the Program Verification Form that your Program Administrator will complete on your behalf.

<u>To add an administrator:</u>
* Click 'Lookup Program Admin'. Use the search function within the pop-up to locate the correct Program Administrator for this submission. You may specifically search by the name of a program administrator or university. Alternatively, if you simply hit "search" without including any search criteria, a full alphabetical list by university will appear. If results are returned, you must click on the member profile to auto-fill the program administrator fields. It may take up to a minute for results to return. If you notice any discrepancies in the list of program administrators, please contact foundation@aana.com.
* Click 'Add Program Administrator.' (NOTE: You will need to 'Add Program Administrator' in the search tool, as well as within the task below.) After you add the program administrator below, wait for the page to finish loading before attempting to save.
* Click 'Save Program Administrator'

<u>To invite the Program Administrator to login and complete their profile and verification:</u>
* Proceed to the next task.

 Ask your program administrator to check their email inbox and spam folder for instructions regarding this task. The Program Verification Form is now in a separate database accessible only by Program Administrators (not their designee). Only one Program Verification Form is required regardless of the number of scholarships applied for.

Do NOT double-click.) Once you invite them, an email will be sent directly to them through this system (there might be a slight delay up to several hours). After your Program Administrator completes your Program Verification Form, a green check mark will appear next to this task in your task list. You may resend the invitation, if needed.

Resident Involvement and Accomplishments Essay

Type a short essay describing why you have chosen nurse anesthesia as a profession. In addition, describe your professional goals for the future. Include any other required information as indicated for your chosen scholarships (refer to the Scholarship List's criteria). (The essay must be 2,000 characters or less. The character maximum includes spaces.)

Financial Need Essay

The financial need essay is required since you are applying for a scholarship indicating financial need as criteria. Please explain why you feel you are qualified to receive a financial need scholarship. (The essay must be 2,000 characters or less. The character maximum includes spaces.)

Statement of Financial Need

A copy of your completed Student Aid Report (SAR) from the Free Application for Federal Student Aid (FAFSA) must be uploaded within the Additional Attachments task. You are required to supply your entire current *2024-2025* FAFSA form to be considered for a financial need scholarship and must adhere to the guidelines of the program. You must provide the entire *2024-2025* FAFSA Form since you are applying for financial aid scholarships. FAFSA Forms must be in final format; drafts or confirmation emails will not be accepted. Please see the FAFSA form's final format sample. You must provide your entire current 2024-2025 FAFSA form; older versions are not acceptable. *There are no exceptions to this, even for those who are graduating before fall 2024.* We require an equal metric when evaluating applicants, therefore any financial aid applications that provide an older FAFSA form will be rejected.

If you are pasting text from a word processing program such as Microsoft Word, please first paste the text into a plain text editor such as Microsoft Notepad or TextEdit to strip out unnecessary formatting.
